Parent child allocation factors

The [Academic Libraries survey](#) report submitted under this UnitID is a combined report that includes data for all the locations listed below. Because this is a combined report, you must provide allocation factors that indicate how the data should be distributed among all included institutions. Allocation factors are percentages. The allocation factors you provide will be used to allocate reported data to each component location and create derived variables for the **IPEDS Data Feedback Reports**.

Enter allocation factors in the spaces provided; use whole numbers only. Percentages must add to 100%. You may not leave any cell blank. You will not be able to lock your data if this section is not completed.
