rev. 3/19/06

**Total Credits**

**76**

Note: Math ACT requirements may be satisfied by COMPASS score equivalents.

\*\*\*Note: Students with Math ACT less than 24 will need to take prerequisite math courses. This in turn will necessitate more than two years to complete the pre-pharmacy requirements. However, work toward a baccalaureate degree is a good idea for all students following a pre-pharmacy curriculum. See model schedules for pre-pharmacy with biology, chemistry or forensic science degrees.
