Locust Avenue Widening Project

The State Road has begun the process of widening Locust Ave to create a turning lane for easier access and better traffic conditions. Continue to work on utility relocation including a gas line.

Some delays are to be expected. Please allow additional time in your commute to and from campus. Also please check your email and felix account frequently for updates and notifications regarding traffic patterns.

College Park Replacement

The new housing project will be constructed on the existing Practice Field Parking lot. New parking lots will be created were the current College Park Apartments are located. A mandatory pre-bid was held on Tuesday the 27th at 10:00 am. Thirty-Two contractors, sub-contractors, and vendors were present. Bids will be due on February 19th at 2:00 pm. Construction is to begin Spring 2015.

RCB Classroom HVAC Replacement

The HVAC unit within Classroom 136 Aerospace Center is proceeding to be replaced. The new unit was shipped 1/23/15. The unit was received by the contractor on 1/30/15. Installation is anticipated to begin the week of February 9th.
