College Park Replacement

The new housing project will be constructed on the existing Practice Field Parking lot. New parking lots will be created were the current College Park Apartments are located.

The Bid date has been extended by one week. Bids are due on February 26th at 2:00 pm.

Locust Ave. Widening

The contractor has not been onsite this week. This is due to a gas line that was discovered beneath the old sidewalk and will need to be relocated approx 4-5' deeper. Dominion mobilized and was onsite beginning 02/23/2015. Dominion estimates the relocated to take approx. 4 weeks or more. The contractor will resume their work after the gas line has been relocated.

RCB Classroom HVAC Replacement

On 2/17/2015 it was discovered the unit shut off due to a wrong component installed at the factory that was drawing higher voltage than designed. The new component has been shipped for replacement. Until then the unit has been shut off as a safety precaution to the new equipment. The ceiling mounted heater is in use providing heat to this space.

Temporary Parking at Tennis Courts

Temporary parking will be provided at the Tennis Courts for students to use during construction of the new apartments. Bids were received for this work on 2/17/2015 and are under review.
