### IV. Advisory Council of Faculty Report

- Hansen reported that a degree program to get students with some college credits back to college was under way in WV. Dr. Rose serves on the state committee dealing with this proposal.

## V. Open Forum

- Bookstore
  - Revisions to Policy # 51 have been made and the policy has been approved by the HEPC. The BOG policy 54 will be updated based on the approved HEPC Policy #51 and submitted to the BOG.
- An open discussion was held on the idea of change related to the number of credits required for a college degree nationwide. The discussion was based on observed trends and behaviors over the past few years, and the state needed to ensure that more students graduate in four years. One of the stated items being discussed nationally is to drop the number of required credit hours from 128 to 120. This solution would be in direct conflict with programs with professional requirements like Accounting. In order for accounting students to be ready to sit for the CPA exam they are required to have completed 150 credit hours.
- Hansen stated that the Rules for the General Faculty Meetings need to be revisited. He suggested that the Constitution and By-Laws committed take this as part of their charge. Action on this item was tabled until the September 2010 meeting of the Faculty Senate.
- Shields ask for a motion to adjourn. Reneau made the motion. Shields adjourned the meeting.
