GET INVOLVED

Fall semester is filled with lots of different events for all students. This is a great time to get involved on campus and make a difference. There are many student organizations on campus. The ISO is very active this semester and meets every first Tuesday of each month.

Currently, they are getting ready for **Homecoming and the international exhibition**. Please come out and join them in the Homecoming fun and honor your country by representing it at the international fair. We will be having the flag raising ceremony on **Nov 15th, 2011**. This is a great time to take pride in being from your country.

Volunteer to raise your flag!

Past Event:

FSU international students participated in a Skype project with East Park Elementary school students. These students research countries and interviewed our international students to gain information on their country for their report. It was great fun!!!!
