# CURRICULUM REVISION PROPOSAL

Prepare proposal in accordance with the guidelines below and the format shown on the following pages. Should any item under the headings not pertain to your proposal, write N/A.

**PROPOSAL NUMBER:** 24-25-03

**REVISION** (label Revision #1, #2, etc.): *REVISION #2*

## SECTION 1: CONTACT INFORMATION

| Name: | Dr. Gregory P. Noone, Ph.D., J.D. |
|---|---|
| Title: | Director, National Security & Intelligence program |
| E-mail Address: | gnoone@fairmontstate.edu |
| Phone Number: | 304-367-4673 |

## SECTION 2: PROGRAM INFORMATION

| College: | College of Liberal Arts |
|---|---|
| Department: | Department of Social Sciences |
| Title of Degree Program/Certificate: | Bachelor of Arts National Security and Intelligence |
| Degree Program Level: | Bachelor's degree |
| Date Originally Submitted: | 04NOV24 |
| Implementation Date Requested: | 01MAY25 |

## APPROVAL

The Deans of the affected colleges must sign below to indicate their notification and departmental approval of this proposal. Should this proposal affect any course or program in another college, a memo must be sent to the Dean of each college impacted and a copy of the memo(s) must be included with this proposal.

By signing below, you are indicating your college and department(s)'s approval of this proposal.

| College | Dean's Signature |
|---|---|
| Liberal Arts | *[signature]* |
| | |
| | |
| | |

## ADDITIONAL COMMENTS:

## C. REVISION TO PROGRAM DESCRIPTION (if applicable)

| 1. Current Program Description |
|---|
| N/A |

| 2. Proposed Program Description |
|---|
| N/A |

## D. RATIONALE

| 1. Description of the Rationale/Justification. Describe the rationale for the curriculum revision. For example, indicate the types of assessment data (e.g., surveys, interviews, capstone courses, projects, licensure exams, nationally-normed tests, locally developed measurements, accreditation reports, etc.) collected and analyzed to determine that curricular changes were warranted. Is it due to market trends? Does it reflect changes in the discipline? What are the expected results of the change? |
|---|
| The NSI and Political Science programs continue to grow in both the number of students and faculty. The new restructuring reflects the needs of the program and our students as well as maximize the expertise of the faculty. The assessment data regarding the restructuring was derived from three main sources. First, the NSI and Political Science programs administer exit surveys in our Capstone courses. Second, the NSI and Political Science programs both have robust and active Advisory Boards comprised of current professionals in the respective fields. Lastly, the advanced upper level courses have all been taught at least once at Fairmont State University and the course evaluations have been universally positive in terms of content, relevance, and structure. We examined the data derived from our sources above as well as our constant internal analysis of what our program needs to provide to our students in order to put them in the best position to succeed in the field. This is an ongoing process as demonstrated by our relatively brief but very successful history. |

## E. RESOURCES

| 1. Will new faculty, be needed to support the program revision? If no new faculty are required and the revision is adding classes or substituting courses, identify how current faculty will meet the demand. |
|---|
| No new faculty will be required. Current faculty already teach the courses being added as required courses for the NSI degree. |

| 2. Will new facilities, equipment, space modification, and/or library materials/services be needed to support the program change? Provide an estimate of the increased cost, or reduction in cost of implementation (if applicable). |
|---|
| N/A |

## F. PROGRAM CHANGE SUMMARY

A. **APPENDIX A:** For degree programs, majors, and concentrations (only), use the format in Appendix A to show the Current Program and Proposed Changes.

B. For revisions to minors and certificates, attach a document showing the current program and proposed changes. You do not need to complete Appendix A for minors and certificates.

## SECTION 3: Curriculum Revision Request

### A. PROPOSAL ABSTRACT.

| |
|---|
| **Write a brief abstract, not exceeding 200 words, describing proposed changes.** |
| National Security and Intelligence (NSI) MAJOR. This proposal primarily restructures the NSI course requirements in order to incorporate more advanced curriculum (i.e. upper level courses) whilst also partially relieving the bottleneck of too many specific required courses. The amount of hours required remains the same and some of the required courses are now electives. The following courses are now required for the NSI degree: CRIM 2295; PHIL 3325; POLI/NSIS/CRIM 4440; GEOG 2213; GEOG 3316; and GEOG 3399. The following courses are no longer required for the NSI degree: BISM 4300; BSBA 2200; CRIM 3370; HIST 1107; HIST 1108; HIST 2213; HIST 3310; POLI 4405; and CRIM 4405. |

### B. DESCRIPTION OF THE PROPOSAL

| | |
|---|---|
| 1. Full Program Name: | National Security and Intelligence |
| 2. Current number of credit hours required for the program: | 69 (57 for NSI plus 12 for Foreign Languages) |
| 3. Is the program changing the number of credit hours required for the program? | ~~Yes~~ ☐     (No) ☐ |
| 4. How many credit hours will be added to the program? | zero (0) |
| 5. How many credit hours will be deleted from the program? | zero (0) |

| |
|---|
| 6. Added Course(s) (If applicable): List the course(s) to be added to program (if applicable). Indicate whether the course is an existing course or will be a proposed new course. |
| The following courses are now required for the NSI degree and all currently exist: CRIM 2295; PHIL 3325; POLI/NSIS/CRIM 4440; GEOG 2213; GEOG 3316; ~~and GEOG 3399.~~ |
| 7. Deleted Courses (if applicable): List course(s) to be deleted from the program (if applicable). Indicate the term in which the course will no longer be available for students to take and the catalog in which students will not have the option to take the course. |
| This change will take effect at the commencement of AY 25-26. The following courses are no longer required: BISM 4300; BSBA 2200; CRIM 3370; HIST 1107; HIST 1108; HIST 2213; HIST 3310; POLI 4405; and CRIM 4405. |
| 8. Teach-out Arrangement: If a required course will be deleted from the program, what is the arrangement for current students in the program to complete the required course? |
| All courses will continue to be taught at Fairmont State, and therefore no "teach-out" is necessary. |

The National Security and Intelligence Program is designed to provide the necessary background for students to pursue careers in national security and/or intelligence in government agencies and private enterprise.

Students seeking a Bachelor of Arts degree in National Security & Intelligence must apply to the National Security & Intelligence Program Director and successfully complete and interview. To be recommended for graduation, the student must have a 2.7 GPA or a 2.5 GPA with the Program Director's approval.

The program Director will conduct an annual review of the academic progress of all students enrolled in the Program. Students whose GPS falls below a 2.7 or who might otherwise exhibit behavior that is not conducive to securing employment in this field will be placed on probation or dropped from the Program depending on the outcome of the review.

No Minor Required.
