13. <b>Core Curriculum:</b> Will the course be reviewed and considered as a University Core Curriculum course offering? If yes, you will need to submit a separate Core Curriculum application to the General Studies Committee.	No

### SECTION 3: CURRICULUM-BASED RATIONALE

What is the reason for developing the proposed course? Explain how the course fits into the curriculum. For example, is it a required or elective course for any specific program (if so, which one)? Which students will be taking this course? If there are already similar courses offered, explain why the needs of the program cannot be satisfied by an existing course. The curriculum-based rationale should be brief and to the point.

The criminal justice faculty are updating the criminal justice program by removing elective options that are outdated. In addition, we are creating new options that better meet the needs as the criminal justice field changes.

This would be an elective course. This proposed course blends topics related to criminological theory, criminal justice policy, and research methodology. Students gain a deeper understanding of “what works” regarding crime reduction and prevention. In addition, they evaluate various policies and programs to determine why they have historically succeeded or failed. In recent years, there has been a greater focus on evidence-based policy in the criminal justice field. Thus, this class will serve our students well.

### SECTION 4: COURSE SYLLABUS

**Attach the course syllabus or at minimum the following course components:**

**Catalog Course Description:** Include a course catalog description written in complete sentences that will be published in the university catalog. The word length for a catalog description should be less than 80 words. Do not include any prerequisites, corequisites or any other restrictions in the description.

**Course Learning Outcomes:** These should be stated in terms of what new knowledge and/or skills students should be able to demonstrate upon successful completion of the course. Present course learning outcomes as a bulleted list predicated with “Upon successful completion of this course, students should be able to...”

**Assessment:** Describe generally how students’ achievement of the course learning outcomes will be assessed.

**Course Outline:** Attach a course content outline consisting of at least two levels.

## Catalog Course Description:

This course delves into the effectiveness of various crime control and prevention strategies. Students will examine both historic and contemporary crime control strategies, focusing on identifying what works and what doesn't. Empirical evidence, criminological theory, and the policy process are examined to determine why some strategies succeed while others fail.

## Course Learning Outcomes:

Upon successful completion of this course, students will be able to:

1. (CLO1) Identify key terms related to crime control/ prevention.
2. (CLO2) Explain the strategies used in various crime control efforts. Including efforts within and outside of the criminal justice system, both historically and in contemporary society.
3. (CLO3) Evaluate the justification and evidence for various crime prevention/control strategies.
4. (CLO4) Assess factors that can influence the effectiveness of crime control strategies.
5. (CLO5) Identify factors that influence the selection of crime control strategies for implementation (such as research, funding, politics, etc.).
6. (CLO6) Propose effective crime prevention/ control strategies based on a review of theory, and existing evidence.

## Assessment:

Assessment	Course Learning Outcomes
Tests (Combination of essay and multiple choice/ true and false)	CLOs: 1, 2, 3, 4, 5, 6
Papers reflecting and evaluating policy/ programs	CLOs: 2, 3, 4, 6

## Course Outline:

### Unit 1:

In this unit we review key terms and concepts that form the foundation for many topics covered throughout the class. In addition, we discuss how crime control and prevention strategies are usually evaluated. And finally, review some factors related to researching the effectiveness of crime prevention strategies. Below are the unit 1 outcomes.

- Distinguish between crime control and prevention.
- Identify definitions related to crime control/prevention and research on crime control/prevention.
- Discuss bias in research and how the existence of bias can limit program effectiveness.

## Unit 2

In this unit we review crime control perspectives. Crime control perspectives consist of the views people have with respect to how the justice system should operate, the causes of crime, what should be done about crime, and what the proper goals for the criminal justice system should be.

- Compare and contrast crime control perspectives.
- Discuss how too strong of an adherence to a particular perspective on crime control can contribute to flawed programs/ policy.

## Unit 3

In the next few units we are going to focus on police-based strategies. Starting with traditional police-based strategies in this unit!

- Identify traditional policing strategies and relevant terms.
- Evaluate the effectiveness of various traditional policing strategies.
- Identify and discuss what criminological theories align with traditional policing strategies.

## Unit 4

In this unit we are going to start examining more recent policing strategies that we can consider proactive.

- Identify terms related to more modern policing strategies, such as proactive strategies.
- Classify strategies presented in this unit (proactive policing, disorder-reducing approaches, focused deterrence, etc.) based on effectiveness.
- Evaluate factors that affect the effectiveness of the strategies presented in this unit (proactive policing, disorder-reducing approaches, focused deterrence, etc.) .
- Assess the theoretical foundations for the strategies presented in this unit, such as those based on the broken windows theory.

## CURRICULUM CHANGE PROPOSAL GUIDELINES

- A. **CURRICULUM CHANGE FORM:** Use this form for changes to a single program (degree, major, concentration, teaching specialization, minor, certificate), such as:
1. Adding existing or new course(s) to the program. If adding a brand-new course, submit a separate new course proposal form and attach to this proposal.
  2. Deleting course(s) from the program. If deleting a course, submit a separate course deletion form and attach to proposal.
  3. Changes in requirements for majors, minors, concentrations, certificates.
  4. Adding a concentration and using existing courses
  5. Changes to program credit hours.
  6. Modifying a program description.
  7. Other substantive curriculum changes.
- B. **APPROVAL STEPS**
- College and/or Department
  - Curriculum Committee
  - Faculty Senate
- C. **DEPARTMENT REVIEW OF PROPOSALS:** Submitted proposals must have been carefully reviewed by the department as well as affected departments where applicable.
- D. **PROPOSAL SUBMISSION BY THE DEAN OR CHAIR TO PROVOST'S OFFICE:**  
Proposals originating from the academic unit are to be submitted electronically to the Provost's Office/Associate Provost by the Dean or Chair on behalf of the department.
- E. **MEMO OF SUPPORT FROM DEANS OF AFFECTED DEPARTMENTS:** If the Curriculum Committee requests these letters, attach them to the back of your proposal.
- F. **PROPOSAL SUBMISSION DATE:** Proposals may be submitted throughout the year, but *they must be received no later than **November 15** if they require action for implementation for the following academic year.* Proposals received after the deadline may not be acted on in time for implementation the next academic year.
- G. **CURRICULUM COMMITTEE MEETINGS:** The Curriculum Committee meets on the fourth Tuesday of each month. Proposals submitted to the Provost's Office/Associate Provost on or before the second Tuesday of the month will be on that month's agenda.

### ADDITIONAL COMMENTS:

## SECTION 3: Curriculum Change Request

### A. PROPOSAL ABSTRACT.

**Write a brief abstract, not exceeding 150 words, describing proposed changes.**

ENGL3322 is merely an addition to the Required electives for the English Programs. This course adds another option into the writing courses menu for Creative Writing, Literature, and Writing for the Workplace concentrations of the English major and the Creative Writing minor.

### B. DESCRIPTION OF THE PROPOSAL

1. Full Program Name:	English
2. Current number of credit hours required for the program:	120
3. Is the program changing the number of credit hours required for the program?	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
4. How many credit hours will be added to the program?	None
5. How many credit hours will be deleted from the program?	None

6. Added Course(s) (If applicable): List the course(s) to be added to program (if applicable). Indicate whether the course is an existing course or will be a proposed new course.

English 3322: Art Writing  
Proposed course that currently runs as a cross listed (ENGL/ART) 3399

7. **Deleted Courses (if applicable):** List course(s) to be deleted from the program (if applicable). Indicate the term in which the course will no longer be available for students to take and the catalog in which students will not have the option to take the course.

NA

8. **Teach-out Arrangement:** If a required course will be deleted from the program, what is the arrangement for current students in the program to complete the required course?

NA

### C. CHANGE IN PROGRAM DESCRIPTION (if applicable)

<b>1. Current Program Description</b>
The new elective will not change the program descriptions.
<b>2. Proposed Program Description</b>

### D. RATIONALE

<b>1. Description of the Rationale/Justification.</b> Describe the rationale for changing the program's curriculum. For example, indicate the types of assessment data (e.g., surveys, interviews, capstone courses, projects, licensure exams, nationally-normed tests, locally developed measurements, accreditation reports, etc.) collected and analyzed to determine that curricular changes were warranted. Is it due to market trends? Does it reflect changes in the discipline? What are the expected results of the change?
Offering AW in this category will allow majors more options for meeting requirements and increase course rotation for efficient graduation. At the same time, the course will relieve pressure on the Journalism program to answer to the writing track needs while keeping journalism education pedagogically sound.

### E. RESOURCES

1. Will new faculty, be needed to support the program change? If no new faculty are required and the revision is adding classes or substituting courses, identify how current faculty will meet the demand.
<b>The course will enter rotation options, as noted above. No additional faculty required.</b>
2. Will new facilities, equipment, space modification, and/or library materials/services be needed to support the program change? Provide an estimate of the increased cost, or reduction in cost of implementation (if applicable).
No

### F. PROGRAM CHANGE SUMMARY

- A. **APPENDIX A:** For degree programs, majors, and concentrations (only), use the format in Appendix A to show the Current Program and Proposed Changes.
- B. For minors and certificates, attach a document showing the current program and proposed changes. You do not need to complete Appendix A for minors and certificates.

## NEW COURSE PROPOSAL GUIDELINES

- A. **NEW COURSE PROPOSAL FORM:** Use this for for establishing a new undergraduate or graduate course as a program requirement or elective. A course prefix number change or credit hour change will require a new course proposal.

**PROPOSAL SUBMISSION BY THE DEAN OR CHAIR TO PROVOST'S OFFICE:** Proposals originating from the academic unit are to be submitted electronically to the Provost Office/Executive Director of Academic Programs by the Dean or Chair on behalf of the department.

- B. **COPIES OF MEMOS SENT TO AFFECTED DEPARTMENTS:** Attach these to the back of your proposal.

- C. **PROPOSAL SUBMISSION BY THE DEAN OR CHAIR TO PROVOST'S OFFICE:** Proposals originating from the academic unit are to be submitted electronically to the Provost Office/Executive Director of Academic Programs by the Dean or Chair on behalf of the department.

- D. **COPIES OF MEMOS SENT TO AFFECTED DEPARTMENTS:** Attach these to the back of your proposal.

- E. **LETTERS OF SUPPORT FROM DEANS OF AFFECTED DEPARTMENTS:** If the Curriculum Committee requests these letters, attach them to the back of your proposal.

- F. **COURSE PROPOSAL SUBMISSION DATE:** Proposals may be submitted throughout the year, but *they must be received no later than November 15 if they require action for implementation for the following academic year.* Proposals received after the deadline may not be acted upon in time for implementation the next academic year.

- G. **CURRICULUM COMMITTEE MEETINGS:** The Curriculum Committee meets on the fourth Tuesday of each month. Proposals submitted to the Provost's Office/Executive Director of Academic Programs on or before the second Tuesday of the month will be on that month's agenda.

### SECTION 2: COURSE CATALOG INFORMATION

1. <b>Course Subject Prefix and number (e.g., ENGL 1101):</b> Course number/prefix combinations may be used only once, and <u>may not be recycled</u> ; please check with the Registrar's Office to get a list of available, valid course numbers.	ENGL 3322
2. <b>Course Title:</b> The title of the course as it will appear in the course catalog.	Art Writing
3. <b>Number of Credit Hours:</b> Indicate the total number of credit hours for the course. If you are proposing a course with variable credit options, explain that here.	3
4. <b>Repeatability (number of repeat credit hours):</b> Students can repeat the course for credit.	NA
5. <b>Course Prerequisites:</b> Include subject prefix and course number. List only immediate prerequisites (not prerequisites for other prerequisite courses).	English 1102
6. <b>Course Co-requisites:</b> Include subject prefix and course number.	
7. <b>Course Cross-listings</b> (e.g., PSYC 2230 and SOCY 2230)	ENGL 3322
8. <b>Course Restrictions</b> (e.g., Seniors only)	NA
9. <b>Grade Type:</b> Indicate whether students will be assigned a standard A-F final grade, a Pass/Fail (P/F) grade, or No Grade (NG).	A-F
10. <b>Requirements:</b> Will the course be a required or elective course? What course requirements will this course satisfy? Indicate specific major, minor, or College/Department requirement(s).	Elective for Creative Writing, Literature, & Writing for the Workplace majors and Creative Writing minor.
11. <b>Course Terms:</b> In what semester(s) will the course be offered? (e.g., Fall only, Summer)	Fall, Spring, or Summer
12. <b>Writing Intensive:</b> Does this course fulfill the Writing Intensive major requirement?	Yes
13. <b>Core Curriculum:</b> Will the course be reviewed and considered as a University Core Curriculum course offering? If yes, you will need to submit a separate Core Curriculum application to the General Studies Committee.	No

### SECTION 3: CURRICULUM-BASED RATIONALE

What is the reason for developing the proposed course? Explain how the course fits into the curriculum. For example, is it a required or elective course for any specific program (if so, which one)? Which students will be taking this course? If there are already similar courses offered, explain why the needs of the program cannot be satisfied by an existing course. The curriculum-based rationale should be brief and to the point.

This course provides a new elective option to fulfill the hours in the writing courses category for Creative Writing, Literature, and Writing for the Workplace concentrations of the English major and Creative Writing minor.

### SECTION 4: ATTACH THE FOLLOWING SYLLABUS COMPONENTS:

**Catalog Course Description:** Include a course catalog description written in complete sentences that will be published in the university catalog. The word length for a catalog description should be less than 80 words. Do not include any prerequisites, corequisites or any other restrictions in the description.

Drawing on keystone texts and contemporary award-winning art writing, the class exercises creative and classical approaches to writing about eclectic mediums across traditional, multimedia, and hybrid forms, from artist statements to exhibit reviews to grant proposals.

**Course Learning Outcomes:** These should be stated in terms of what new knowledge and/or skills students should be able to demonstrate upon successful completion of the course. Present course learning outcomes as a bulleted list predicated with “Upon successful completion of this course, students should be able to...”

Art Writing Learning Outcomes: “Upon successful completion of this course, students should be able to...”

- \*Compose artist statements in both short and long forms
- \*Compose introductions to an exhibit catalog, exhibition, or oeuvre
- \*Compose grant and project proposals
- \*Compose short and long-form reviews of artworks in multiple mediums
- \*Combine writing with visual and haptic media for various purposes and audiences

**Assessment:** Describe generally how students’ achievement of the course learning outcomes will be assessed.

Students will compose a wide range of writings and book formats in response to a range of assignments. Initially, work will receive ample written and oral feedback and receive a Credit/No Credit score. Each assignment receives substantial (typically 250+ words) instructor response, and students have the opportunity to revise with the instructor as many times as they wish before selecting work for the graded portfolio. At semester's end, students will revise and select representative samples to create a graded (A-F) portfolio and participate in class critique of the portfolio's presentation.

**Course Outline:** Attach a course content outline consisting of at least two levels.

### **Required Materials**

Please print, read, annotate, and carry to class all assigned texts. Please take notes on other assigned media, like podcasts, PowerPoints, websites, pecha kuchas, etc. Please turn in hard copies of your writing assignments and email them by attachment when possible for back-up and assessment purposes. Materials will be available in our Teams channel and in the Electronic Reserves.

### **Short Writing Assignments (50 points each)**

Manifesto or Art Theory (collaboration)

Diptych/s

Word Portraits

Self-Portrait as \_\_\_\_\_ [vignette, poem, short short, comic]

Artist Statement (your own)

Artist Statement (a third-person bio for someone else)

Ekphrastic essay [the relation between word and image]

### **2-4 page Critical Essays (100 points each)**

Fine art work (individual or exhibit)

Silly object

Mobile art review

Landscape & Real Estate

Grant or Project Proposal (due with portfolio)

### **Grades for Written Work**

As you'll notice, writing assignments are sometimes due within a range of class periods rather than on a punctual date. This flexibility allows for maximal interaction and collaboration and recognizes that your writing and art projects will often be mutually constitutive. The 7 short writing assignments are worth 50 points each; the 5 longer assignments will be worth 100 each, for a total of 850 total points. All papers will be evaluated as C/NC. Your final portfolio will be a selection of your best work comprising 3 short assignments and 3 critical essays, one of which must be your project or grant proposal.

### Sample Assignment

### Ekphrastic Essay Assignment

Think of this short (2-4 pages) essay as the analytical version of a diptych. You can go about the assignment in one of two ways, but not both.

\*Choose an ekphrastic poem or small text (you could actually use your own or another's diptych) and present a focused interpretation that is brief and grounded in specific evidence.

\*Choose a visual image or object and write an analysis of its meaning. In this version, you would be writing critical prose about a visual image rather than critical prose about a creative written response to an image.

Whichever you choose, provide the image in some way—post it in Teams, print a copy, whatever, but it won't be part of the paper (unlike the diptych).

### Outline & Advice

- I. Introduce the basics in the first sentence, so that by the end of that sentence, I know which option the paper responds to and the subject matter of the analysis. For example, "Dean Rader's 2012 poem 'Paul Klee's *Winter Journey* at the End of Summer' converts the painting into a narrative of grief."
- II. Provide useful, specific information that leads to the thesis. End the introduction with the thesis; for example, "Rader's second-person address positions the reader as both

suffering and empathetic, filling the loss suggested by Klee's stark lines and flat surfaces."

III. Support and expand on the thesis in 2-3 body paragraphs.

End the paper with a paragraph that expands the context of the analysis. Do not end the paper with a recap of what you've already written or empty platitudes about how everyone should be treated equally or all humans suffer or we each have a special journey. Instead, answer (without writing it) the question "So What?"

**Please Use MLA Format**

\*Papers must be typed, double-spaced, and use reasonable fonts and margins.

\*Each paper must have a title that contributes to the paper. The title cannot be the title of the text you are discussing or the name of the assignment. Capitalize the first letter of each important word of your title. DO NOT put your title in italics, bold, all caps, or underline it.

**Valuable Tips**

\*Do not use "you" anywhere in your paper unless you mean me, Elizabeth Savage.

\*Be specific always.

\*Don't use "this" unless a noun immediately follows it.

\*Proofread! Grammar and punctuation count.

\*The titles of books, TV programs, films, albums, etc. are italicized. Songs, episodes of programs, poems, comic strips, anything smallish or partial go in quotation marks.

\*Follow MLA guidelines when quoting from a text.

\*Commas and periods go inside quotation marks; semicolons and colons go outside them.

## CURRICULUM REVISION PROPOSAL GUIDELINES

- A. **CURRICULUM CHANGE FORM:** Use this form for substantive changes to a single program (degree, major, concentration, teaching specialization, minor, certificate). Substantive changes include:
1. Adding existing or new course(s) to the program. *If adding a brand-new course, complete a separate new course proposal form and attach to this proposal.*
  2. Changes in course requirements for majors, minors, concentrations, certificates.
  3. Adding a concentration and using existing courses at Fairmont State.
  4. Changes to program credit hours.
  5. Other substantive curriculum changes.
- B. **APPROVAL STEPS**
- College Dean
  - Curriculum Committee
  - Faculty Senate
- C. **DEPARTMENT REVIEW OF PROPOSALS:** Submitted proposals must have been carefully reviewed by the department as well as affected departments where applicable.
- D. **PROPOSAL SUBMISSION BY THE DEAN OR CHAIR TO PROVOST'S OFFICE:**  
Proposals originating from the academic unit are to be submitted electronically to the Provost's Office/Associate Provost by the Dean or Chair on behalf of the department.
- E. **MEMO OF SUPPORT FROM DEANS OF AFFECTED DEPARTMENTS:** If the Curriculum Committee requests these letters, attach them to the back of your proposal.
- F. **PROPOSAL SUBMISSION DATE:** Proposals may be submitted throughout the year, but *they must be received no later than **November 15** if they require action for implementation for the following academic year.* Proposals received after the deadline may not be acted on in time for implementation the next academic year.
- G. **CURRICULUM COMMITTEE MEETINGS:** The Curriculum Committee meets on the fourth Tuesday of each month. Proposals submitted to the Provost's Office/Associate Provost on or before the second Tuesday of the month will be on that month's agenda.

## ADDITIONAL COMMENTS:

### SECTION 3: Curriculum Change Request

#### A. PROPOSAL ABSTRACT.

**Write a brief abstract, not exceeding 150 words, describing proposed changes.**

Updating math substitutions in the program. Proposed changes to the Bachelor's Degree in Occupational Safety aim to enhance curriculum relevance, streamline course progression, and better align with industry needs. The SFTY 4415 course (3 credit hours) will be divided into a 1-credit 1000-level course and a 2-credit 4000-level course. This adjustment creates an entry-level career preparation and exploration course tailored for internship-seeking and associate's degree graduates while retaining advanced career readiness content for seniors. Additionally, MANF 2250 will be replaced with a new 2000-level course under the SFTY designation, emphasizing Environmental, Health, and Safety (EHS) Management Systems and their integration with Total Quality Management principles. This shift enhances program focus on modern EHS strategies critical to professional success. These changes, vetted and approved by the program's Industrial Advisory Board across two meetings in 2023 and 2024, ensure the degree remains innovative, industry-aligned, and student-centered.

#### B. DESCRIPTION OF THE PROPOSAL

1. Full Program Name:	Occupational Safety
2. Current number of credit hours required for the program:	83 (less free electives)
3. Is the program changing the number of credit hours required for the program?	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
4. How many credit hours will be added to the program?	6
5. How many credit hours will be deleted from the program?	6

6. Added Course(s) (If applicable): List the course(s) to be added to program (if applicable). Indicate whether the course is an existing course or will be a proposed new course.

SFTY 1155. 2270 and 4455

7. **Deleted Courses (if applicable):** List course(s) to be deleted from the program (if applicable). Indicate the term in which the course will no longer be available for students to take and the catalog in which students will not have the option to take the course.

SFTY 4415 and MANF 2250

**8. Teach-out Arrangement:** If a required course will be deleted from the program, how will you accommodate current students in the program to complete the required course?

- ☒ Courses will continue of be offered for students to complete program under previous catalog. (Typical)
- ☐ Students must transition to new catalog and meet all requirements. (Student advising required)
- ☐ Students in old catalog will take new or existing courses as outlined below. (Student advising required)
- ☐ Department will petition course changes for each student. (Not recommended)
- ☒ Change is only editorial and will not impact student progress.

### C. CHANGE IN PROGRAM DESCRIPTION (if applicable)

#### 1. Current Program Description

#### 2. Proposed Program Description

### D. RATIONALE

#### 1. What is the rationale for this change?

- ☐ Annual assessment results
- ☐ Program review
- ☐ Program accreditation
- ☐ College or Department Strategic Plan
- ☐ To align with University policy or standard
- ☒ Other

**2. Description of the Rationale.** Describe the evidence that supports changing the program's curriculum. For example, indicate the types of assessment data (e.g., surveys, interviews, capstone courses, projects, licensure exams, nationally-normed tests, locally developed measurements, accreditation reports, etc.) collected and analyzed to determine that curricular changes were warranted. Is it due to market trends? Does it reflect changes in the discipline? What are the expected results of the change?

The proposed curriculum changes are informed by multiple assessment methods, including course assessment results, student feedback, and ongoing observations of program outcomes. A key driver is the need to streamline prerequisite requirements and address the increasing frequency of course substitution memos for students who take higher-level math and science courses than

currently required. This adjustment ensures a smoother academic progression and reduces administrative inefficiencies.

The addition of the two new courses stems from identified gaps in career readiness. Course assessments and student feedback highlighted deficiencies in resume and cover letter preparation, particularly for senior-level students and associate's degree graduates seeking internships or full-time positions. Splitting the SFTY 4415 course allows for the creation of a 1000-level career preparation and exploration course tailored to associate's degree students, while preserving advanced career development content at the 4000 level for seniors.

Replacing MANF 2250 with SFTY 2xxx addresses emerging trends in the discipline by emphasizing EHS Management Systems and their integration with Total Quality Management, aligning the program with industry needs. These changes are expected to enhance students' career readiness, improve their professional presentation, and better prepare them to meet industry expectations.

## E. RESOURCES

1. Will new faculty, be needed to support the program change? If no new faculty are required and the revision is adding classes or substituting courses, identify how current faculty will meet the demand.
2. Will new facilities, equipment, space modification, and/or library materials/services be needed to support the program change? Provide an estimate of the increased cost, or reduction in cost of implementation (if applicable).
N/A

1. <b>Course Subject Prefix and number (e.g., ENGL 1101):</b> Course number/prefix combinations may be used only once, and <u>may not be recycled</u> ; please check with the Registrar's Office to get a list of available, valid course numbers.	SFTY1155
2. <b>Course Title:</b> The title of the course as it will appear in the course catalog.	Career Foundations in Occupational Safety
3. <b>Number of Credit Hours:</b> Indicate the total number of credit hours for the course. If you are proposing a course with variable credit options, explain that here.	1
4. <b>Repeatability (number of repeat credit hours):</b> Students can repeat the course for credit.	0
5. <b>Course Prerequisites:</b> Include subject prefix and course number. List only immediate prerequisites (not prerequisites for other prerequisite courses).	N/A
6. <b>Course Co-requisites:</b> Include subject prefix and course number.	N/A
7. <b>Course Cross-listings</b> (e.g., PSYC 2230 and SOCY 2230)	N/A
8. <b>Course Restrictions</b> (e.g., Seniors only)	N/A
9. <b>Grade Type:</b> Indicate whether students will be assigned a standard A-F final grade, a Pass/Fail (P/F) grade, or No Grade (NG).	A-F
10. <b>Requirements:</b> Will the course be a required or elective course? What course requirements will this course satisfy? Indicate specific major, minor, or College/Department requirement(s).	Required - Major Requirement
11. <b>Course Terms:</b> In what semester(s) will the course be offered? (e.g., Fall only, Summer)	Fall Only
12. <b>Writing Intensive:</b> Does this course fulfill the Writing Intensive major requirement?	N/A
13. <b>Core Curriculum:</b> Will the course be reviewed and considered as a University Core Curriculum course offering? If yes, you will need to submit a separate Core Curriculum application to the General Studies Committee.	N/A

### SECTION 3: CURRICULUM-BASED RATIONALE

What is the reason for developing the proposed course? Explain how the course fits into the curriculum. For example, is it a required or elective course for any specific program (if so, which one)? Which students will be taking this course? If there are already similar courses offered, explain why the needs of the program cannot be satisfied by an existing course. The curriculum-based rationale should be brief and to the point.

he creation of the SFTY 1\*\*\* course responds directly to a critical gap in the current curriculum identified through course assessments, student feedback, and observation of student performance. Associate/jls degree graduates and internship-seeking students have consistently demonstrated a lack of readiness in career preparation fundamentals, such as crafting effective resumes and cover letters, understanding internship search strategies, and preparing for interviews. These skills are essential for successfully entering the workforce or securing internships, yet they are not adequately addressed in the current course structure.

The new SFTY 1\*\*\* course will provide foundational career preparation and exploration targeted at early-stage students, particularly those pursuing associate/jls degrees.

### SECTION 4: COURSE SYLLABUS

**Attach the course syllabus or at minimum the following course components:**

**Catalog Course Description:** Include a course catalog description written in complete sentences that will be published in the university catalog. The word length for a catalog description should be less than 80 words. Do not include any prerequisites, corequisites or any other restrictions in the description.

**Course Learning Outcomes:** These should be stated in terms of what new knowledge and/or skills students should be able to demonstrate upon successful completion of the course. Present course learning outcomes as a bulleted list predicated with “Upon successful completion of this course, students should be able to...”

**Assessment:** Describe generally how students’ achievement of the course learning outcomes will be assessed.

**Course Outline:** Attach a course content outline consisting of at least two levels.

The curriculum-based rationale should be brief and to the point.

The new SFTY 1\*\*\* course will provide foundational career preparation and exploration targeted at early-stage students, particularly those pursuing associate/jls degrees. By introducing these skills earlier in the program, students will have a stronger foundation to navigate internship opportunities, effectively present themselves to employers, and set clear career goals. Additionally, this course supports the broader objective of splitting the existing SFTY 4415 course into two levels, allowing advanced career readiness content to be preserved at the 4000 level for senior students. This tiered approach ensures that students receive career development instruction at appropriate stages of their academic and professional journeys, enhancing their overall employability and aligning with program goals for workforce preparation.

Which students will be taking this course? If there are already similar courses offered, explain why the needs of the program cannot be satisfied by an existing course. The curriculum-based rationale should be brief and to the point.

Replacing MANF 2250 with SFTY 2270 addresses emerging trends in the discipline by emphasizing EHS Management Systems and their integration with Total Quality Management, aligning the program with industry needs. These changes are expected to enhance students' career readiness, improve their professional presentation, and better prepare them to meet industry expectations.

### SECTION 4: COURSE SYLLABUS

**Attach the course syllabus or at minimum the following course components:**

**Catalog Course Description:** Include a course catalog description written in complete sentences that will be published in the university catalog. ## CURRICULUM REVISION PROPOSAL GUIDELINES

- A. **CURRICULUM CHANGE FORM:** Use this form for substantive changes to a single program (degree, major, concentration, teaching specialization, minor, certificate). Substantive changes include:
1. Adding existing or new course(s) to the program. *If adding a brand-new course, complete a separate new course proposal form and attach to this proposal.*
  2. Changes in course requirements for majors, minors, concentrations, certificates.
  3. Adding a concentration and using existing courses at Fairmont State.
  4. Changes to program credit hours.
  5. Other substantive curriculum changes.
- B. **APPROVAL STEPS**
- College Dean
  - Curriculum Committee
  - Faculty Senate
- C. **DEPARTMENT REVIEW OF PROPOSALS:** Submitted proposals must have been carefully reviewed by the department as well as affected departments where applicable.
- D. **PROPOSAL SUBMISSION BY THE DEAN OR CHAIR TO PROVOST'S OFFICE:**  
Proposals originating from the academic unit are to be submitted electronically to the Provost's Office/Associate Provost by the Dean or Chair on behalf of the department.
- E. **MEMO OF SUPPORT FROM DEANS OF AFFECTED DEPARTMENTS:** If the Curriculum Committee requests these letters, attach them to the back of your proposal.

### ADDITIONAL COMMENTS:

## SECTION 3: Curriculum Change Request

### A. PROPOSAL ABSTRACT.

<b>Write a brief abstract, not exceeding 150 words, describing proposed changes.</b>
Updating math and science substitutions in the program.

### B. DESCRIPTION OF THE PROPOSAL

1. Full Program Name:	Civil Engineering Technology
2. Current number of credit hours required for the program:	90
3. Is the program changing the number of credit hours required for the program?	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>
4. How many credit hours will be added to the program?	0-1
5. How many credit hours will be deleted from the program?	0-1

6. Added Course(s) (If applicable): List the course(s) to be added to program (if applicable). Indicate whether the course is an existing course or will be a proposed new course.
N/A
7. <b>Deleted Courses (if applicable):</b> List course(s) to be deleted from the program (if applicable). Indicate the term in which the course will no longer be available for students to take and the catalog in which students will not have the option to take the course.
N/A
8. <b>Teach-out Arrangement:</b> If a required course will be deleted from the program, how will you accommodate current students in the program to complete the required course?
<input type="checkbox"/> Courses will continue of be offered for students to complete program under previous catalog. (Typical) <input type="checkbox"/> Students must transition to new catalog and meet all requirements. (Student advising required) <input type="checkbox"/> Students in old catalog will take new or existing courses as outlined below. (Student advising required) <input type="checkbox"/> Department will petition course changes for each student. (Not recommended)

☒ Change is only editorial and will not impact student progress.

**C. CHANGE IN PROGRAM DESCRIPTION (if applicable)**

<b>1. Current Program Description</b>
<b>2. Proposed Program Description</b>

**D. RATIONALE**

<b>1. What is the rationale for this change?</b>
<p><input type="checkbox"/> Annual assessment results</p> <p><input type="checkbox"/> Program review</p> <p><input type="checkbox"/> Program accreditation</p> <p><input type="checkbox"/> College or Department strategic plan</p> <p><input type="checkbox"/> To align with University policy or standard</p> <p><input checked="" type="checkbox"/> Other</p>
<b>2. Description of the Rationale.</b> Describe the evidence that supports changing the program's curriculum. For example, indicate the types of assessment data (e.g., surveys, interviews, capstone courses, projects, licensure exams, nationally-normed tests, locally developed measurements, accreditation reports, etc.) collected and analyzed to determine that curricular changes were warranted. Is it due to market trends? Does it reflect changes in the discipline? What are the expected results of the change?
Changes will reduce the number of course substitution memos required for the mathematics and science courses.

## E. RESOURCES

1. Will new faculty, be needed to support the program change? If no new faculty are required and the revision is adding classes or substituting courses, identify how current faculty will meet the demand.
2. Will new facilities, equipment, space modification, and/or library materials/services be needed to support the program change? Provide an estimate of the increased cost, or reduction in cost of implementation (if applicable).
N/A

## F. PROGRAM CHANGE SUMMARY

- A. **APPENDIX A:** For degree programs, majors, and concentrations (only), use the format in Appendix A to show the Current Program and Proposed Changes.
- B. For changes to minors and certificates, please attach a document showing the current program and proposed changes. You do not need to complete Appendix A for minors and certificates.

## CURRICULUM REVISION PROPOSAL GUIDELINES

- A. **CURRICULUM CHANGE FORM:** Use this form for substantive changes to a single program (degree, major, concentration, teaching specialization, minor, certificate). Substantive changes include:
1. Adding existing or new course(s) to the program. *If adding a brand-new course, complete a separate new course proposal form and attach to this proposal.*
  2. Changes in course requirements for majors, minors, concentrations, certificates.
  3. Adding a concentration and using existing courses at Fairmont State.
  4. Changes to program credit hours.
  5. Other substantive curriculum changes.
- B. **APPROVAL STEPS**
- College Dean
  - Curriculum Committee
  - Faculty Senate
- C. **DEPARTMENT REVIEW OF PROPOSALS:** Submitted proposals must have been carefully reviewed by the department as well as affected departments where applicable.
- D. **PROPOSAL SUBMISSION BY THE DEAN OR CHAIR TO PROVOST'S OFFICE:**  
Proposals originating from the academic unit are to be submitted electronically to the Provost's Office/Associate Provost by the Dean or Chair on behalf of the department.
- E. **MEMO OF SUPPORT FROM DEANS OF AFFECTED DEPARTMENTS:** If the Curriculum Committee requests these letters, attach them to the back of your proposal.
- F. **PROPOSAL SUBMISSION DATE:** Proposals may be submitted throughout the year, but *they must be received no later than **November 15** if they require action for implementation for the following academic year.* Proposals received after the deadline may not be acted on in time for implementation the next academic year.
- G. **CURRICULUM COMMITTEE MEETINGS:** The Curriculum Committee meets on the fourth Tuesday of each month. Proposals submitted to the Provost's Office/Associate Provost on or before the second Tuesday of the month will be on that month's agenda.

## CURRICULUM CHANGE PROPOSAL

Prepare proposal in accordance with the guidelines below and the format shown on the following pages. Should any item under the headings not pertain to your proposal, write N/A.

**PROPOSAL NUMBER:** 24-25-20

**REVISION** (label Revision #1, #2, etc.): Revision 2

### ADDITIONAL COMMENTS:

## SECTION 3: Curriculum Change Request

### A. PROPOSAL ABSTRACT.

<b>Write a brief abstract, not exceeding 150 words, describing proposed changes.</b>
Updating math and science substitutions in the program.

### B. DESCRIPTION OF THE PROPOSAL

1. Full Program Name:	Surveying & Geomatics Engineering Technology
2. Current number of credit hours required for the program:	90
3. Is the program changing the number of credit hours required for the program?	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>
4. How many credit hours will be added to the program?	0-2
5. How many credit hours will be deleted from the program?	0-1

6. Added Course(s) (If applicable): List the course(s) to be added to program (if applicable). Indicate whether the course is an existing course or will be a proposed new course.
N/A
7. <b>Deleted Courses (if applicable):</b> List course(s) to be deleted from the program (if applicable). Indicate the term in which the course will no longer be available for students to take and the catalog in which students will not have the option to take the course.
N/A
8. <b>Teach-out Arrangement:</b> If a required course will be deleted from the program, how will you accommodate current students in the program to complete the required course?
<input type="checkbox"/> Courses will continue of be offered for students to complete program under previous catalog. (Typical) <input type="checkbox"/> Students must transition to new catalog and meet all requirements. (Student advising required) <input type="checkbox"/> Students in old catalog will take new or existing courses as outlined below. (Student advising required) <input type="checkbox"/> Department will petition course changes for each student. (Not recommended)

☒ Change is only editorial and will not impact student progress.

**C. CHANGE IN PROGRAM DESCRIPTION (if applicable)**

**1. Current Program Description**

**2. Proposed Program Description**

**D. RATIONALE**

**1. What is the rationale for this change?**

- ☐ Annual assessment results
- ☐ Program review
- ☐ Program accreditation
- ☐ College or Department strategic plan
- ☐ To align with University policy or standard
- ☒ Other

**2. Description of the Rationale.** Describe the evidence that supports changing the program's curriculum. For example, indicate the types of assessment data (e.g., surveys, interviews, capstone courses, projects, licensure exams, nationally-normed tests, locally developed measurements, accreditation reports, etc.) collected and analyzed to determine that curricular changes were warranted. Is it due to market trends? Does it reflect changes in the discipline? What are the expected results of the change?

Changes will reduce the number of course substitution memos required for students who take higher-level math courses.

## E. RESOURCES

1. Will new faculty, be needed to support the program change? If no new faculty are required and the revision is adding classes or substituting courses, identify how current faculty will meet the demand .
2. Will new facilities, equipment, space modification, and/or library materials/services be needed to support the program change? Provide an estimate of the increased cost, or reduction in cost of implementation (if applicable).
N/A

## F. PROGRAM CHANGE SUMMARY

- A. **APPENDIX A:** For degree programs, majors, and concentrations (only), use the format in Appendix A to show the Current Program and Proposed Changes.
- B. For changes to minors and certificates, please attach a document showing the current program and proposed changes. You do not need to complete Appendix A for minors and certificates.

## **CURRICULUM REVISION PROPOSAL GUIDELINES**

- A. CURRICULUM CHANGE FORM:** Use this form for substantive changes to a single program (degree, major, concentration, teaching specialization, minor, certificate). Substantive changes include:
1. Adding existing or new course(s) to the program. *If adding a brand-new course, complete a separate new course proposal form and attach to this proposal.*
  2. Changes in course requirements for majors, minors, concentrations, certificates.
  3. Adding a concentration and using existing courses at Fairmont State.
  4. Changes to program credit hours.
  5. Other substantive curriculum changes.
- B. APPROVAL STEPS**
- College Dean
  - Curriculum Committee
  - Faculty Senate
- C. DEPARTMENT REVIEW OF PROPOSALS:** Submitted proposals must have been carefully reviewed by the department as well as affected departments where applicable.
- D. PROPOSAL SUBMISSION BY THE DEAN OR CHAIR TO PROVOST'S OFFICE:**  
Proposals originating from the academic unit are to be submitted electronically to the Provost's Office/Associate Provost by the Dean or Chair on behalf of the department.
- E. MEMO OF SUPPORT FROM DEANS OF AFFECTED DEPARTMENTS:** If the Curriculum Committee requests these letters, attach them to the back of your proposal.
- F. PROPOSAL SUBMISSION DATE:** Proposals may be submitted throughout the year, but *they must be received no later than **November 15** if they require action for implementation for the following academic year.* Proposals received after the deadline may not be acted on in time for implementation the next academic year.
- G. CURRICULUM COMMITTEE MEETINGS:** The Curriculum Committee meets on the fourth Tuesday of each month. Proposals submitted to the Provost's Office/Associate Provost on or before the second Tuesday of the month will be on that month's agenda.

**FAIRMONT STATE  
UNIVERSITY**

## ADDITIONAL COMMENTS:

### SECTION 3: Curriculum Change Request

#### A. PROPOSAL ABSTRACT.

**Write a brief abstract, not exceeding 150 words, describing proposed changes.**

The Forensics program proposes modifications to the Forensics minor requirements to address financial aid restrictions, overall bachelor's degree course load, and insights gained from analyzing similar programs at competitive institutions. The revisions aim to reduce the total required credit hours and refine the core coursework to focus specifically on forensic science rather than courses from other disciplines. These changes are expected to increase student enrollment in forensic science courses and enhance interest in the program, ultimately strengthening the minor's accessibility and relevance.

#### B. DESCRIPTION OF THE PROPOSAL

1. Full Program Name:	forensic and investigative science minor
2. Current number of credit hours required for the program:	22-23
3. Is the program changing the number of credit hours required for the program?	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>
4. How many credit hours will be added to the program?	0
5. How many credit hours will be deleted from the program?	4

**6. Added Course(s) (If applicable):** List the course(s) to be added to program (if applicable). Indicate whether the course is an existing course or will be a proposed new course.

Students will take 6-8 hours of any of the following courses:

FORS 3215  
FORS 3225  
FORS 3301  
FORS 3305  
FORS 3310

**7. Deleted Courses (if applicable):** List course(s) to be deleted from the program (if applicable). Indicate the term in which the course will no longer be available for students to take and the catalog in which students will not have the option to take the course.

BIOL 1106  
CHEM 1101  
CHEM 1105  
CRIM 1100  
CRIM 2226

**8. Teach-out Arrangement:** If a required course will be deleted from the program, how will you accommodate current students in the program to complete the required course?

- ☒ Courses will continue of be offered for students to complete program under previous catalog. (Typical)
- ☐ Students must transition to new catalog and meet all requirements. (Student advising required)
- ☐ Students in old catalog will take new or existing courses as outlined below. (Student advising required)
- ☐ Department will petition course changes for each student. (Not recommended)
- ☐ Change is only editorial and will not impact student progress.

**C. CHANGE IN PROGRAM DESCRIPTION (if applicable)**

**1. Current Program Description**

**2. Proposed Program Description**

**D. RATIONALE**

**1. What is the rationale for this change?**

- ☐ Annual assessment results
- ☒ Program review
- ☐ Program accreditation
- ☐ College or Department strategic plan
- ☐ To align with University policy or standard
- ☒ Other

**2. Description of the Rationale.** Describe the evidence that supports changing the program's curriculum. For example, indicate the types of assessment data (e.g., surveys, interviews, capstone courses, projects, licensure exams, nationally-normed tests, locally developed measurements, accreditation reports, etc.) collected and analyzed to determine that curricular changes were warranted. Is it due to market trends? Does it reflect changes in the discipline? What are the expected results of the change?

The proposed changes to the Forensics minor requirements are driven by several key factors, including financial aid restrictions, the overall course load for bachelor's degree students, and an analysis of minor programs at competitive institutions. Assessment data from program reviews indicate that the current minor structure presents challenges for students in terms of credit hour requirements and course availability. Additionally, research into comparable programs suggests that a more focused forensic science curriculum aligns better with industry trends and academic standards.

To address these concerns, we propose reducing the required credit hours and modifying the core course requirements to emphasize forensic science-specific coursework. This change is expected to increase enrollment in upper-level forensic science courses, ensuring sufficient student participation to meet minimum enrollment requirements identified in our program review. Ultimately, these adjustments will enhance the minor's accessibility while strengthening students' preparation in forensic science, aligning our curriculum with best practices and market expectations.

## E. RESOURCES

1. Will new faculty, be needed to support the program change? If no new faculty are required and the revision is adding classes or substituting courses, identify how current faculty will meet the demand.

no

2. Will new facilities, equipment, space modification, and/or library materials/services be needed to support the program change? Provide an estimate of the increased cost, or reduction in cost of implementation (if applicable).

no

## F. PROGRAM CHANGE SUMMARY

- A. **APPENDIX A:** For degree programs, majors, and concentrations (only), use the format in Appendix A to show the Current Program and Proposed Changes.
- B. For changes to minors and certificates, please attach a document showing the current program and proposed changes. You do not need to complete Appendix A for minors and certificates.

## SECTION 3:

### A. PROGRAM DESCRIPTION AND CHARACTERISTICS

1. Program full name as it will appear in the catalog:	
2. Number of credit hours required for the minor:	
3. How will the minor be offered? Select all that apply.	
4. <b>Catalog Description:</b> Describe the nature of the academic minor.	
5. <b>Target Audience:</b> Define primary internal target audience that would benefit from the proposed minor.	
6. <b>Credit for Prior Learning Experience:</b> Will this program grant credit for prior learning experience? If so, describe the methods for evaluating the learning and maximum number of credits allowed.	
7. <b>Student Learning Outcomes:</b> Identify clear and concise statements that describe the knowledge, skills, and abilities successful students should have acquired by the end of the program.	

## B. EVIDENCE OF NEED

<b>1. Relationship to Institutional Mission and Goals:</b> Relate the connection of this program to Fairmont State's mission.
<b>2. Value-Added Impact:</b> Describe the potential value-added to prospective employers. Describe the potential value-added for students completing the minor.
<b>3. Similar Programs on Campus:</b> Does Fairmont State currently offer a similar minor? If a similar minor does exist, how does the proposed minor differ in terms of student learning outcomes, courses and/or content?

## C. RESOURCES

<b>1. Will new courses need to be developed for the minor?</b>
<b>2. Will new faculty or adjuncts, be needed to support the minor? If no new faculty or adjuncts are required and the certificate program requires adding classes or substituting courses, identify how current faculty will meet the demand.</b>
<b>3. Will new facilities, equipment, space modification, and/or library materials/services be needed to support the certificate program? Provide an estimate of the increased cost, or reduction in cost of implementation (if applicable).</b>
