Feaster Center Natatorium Renovations

The Feaster Natatorium underwent renovations beginning August 2013. It was a long process with several unexpected obstacles. The contractors, architects and Physical Plant employees work through each issue to make sure that the natatorium was completed in a timely fashion. The contractor turned the area over in January before the students came back from winter break. Stop by and see the results for yourself.

Construction Updates

Contractors are continuing to work on renovations and upgrades on campus. Hunt Haught Hall Greenhouse

Hunt Haught Hall received a new Greenhouse area. The process began in November with the demo of the old structure. The Greenhouse got a frame, glass, new duct work and other items to increase the productivity of the area. The final walk through took place on December 20, 2013 and put back into use at the beginning of the spring semester.

Merchant Street Retaining Wall

Contractors were on site at the beginning of November to start demo of the existing wall at the Merchant Street facility. Upon completion of the demo work began by setting redi-rock. The project was completed in mid January.

Reduce - Reuse - Recycle

The average person generates over 4 pounds of trash every day and about 1.5 tons of solid waste per year.

As you look around campus you will see many wonderful things. The beautiful flower beds, litter free facilities, fresh paint, new lighting, and other projects taking place. Just know that the men and women of the Physical Plant have been working extremely hard to make this possible for you. We hope it puts a smile on your face and makes you proud to be part of the Fairmont State and Pierpont community.
