

CDC RECOMMENDATIONS FOR HOMEMADE CLOTH FACE COVERINGS

The use of simple cloth face coverings can slow the spread of the virus and help people who may have the virus and do not know it from transmitting it to others. Cloth face coverings fashioned from household items or made at home from common materials at low cost can be used as an additional public health measure.

Cloth face coverings should not be placed on anyone who has trouble breathing, or is unconscious, incapacitated or otherwise unable to remove the cloth face covering without assistance.

For additional information, please refer to the Centers for Disease Control and Prevention's Coronavirus (COVID-19) webpage at [CDC.GOV/CORONAVIRUS](https://www.cdc.gov/coronavirus)
