John,

The ad hoc Subcommittee on the Core has expressed profound misgivings about approving the SOAR component of the new program. They have pointed out that SOAR 1199 has never been reviewed by the Curriculum committee and that the 1199 designation is not a permanent one. Per their suggestion, I am kicking this question back to you for the Senate's consideration.

Dr. James Matthews  
Professor of English/ Writing Center Director
