Resolution in Support of Theatre and Music Programs

The Fairmont State University Faculty Senate Resolution in Support of Faculty, Staff, and Students in the Theatre, Theatre Education, Music, and Music Education Programs

Whereas, this Faculty Senate recognizes the cultural, scholarly, professional, and economic value that Theatre, Theatre Education, Music, and Music Education students, staff, and faculty provide to the University, the State of West Virginia, the United States, and the world;

And, whereas, this Faculty Senate, in keeping with Fairmont State University's published promise to provide students with a diverse liberal arts education, recognizes that terminating the Theatre, Theatre Education, Music, and Music Education majors will significantly reduce opportunities for all students to experience the value of a diverse liberal arts education;

And whereas, this Faculty Senate recognizes that Fairmont State University gains revenue, prestige, and good will from the significant community outreach, from K-12 to the broader community, that the Theatre, Theatre Education, Music, and Music Education faculty, staff, and students provide and, therefore, that Fairmont State will not be able to retain the quality or quantity of the programming provided by the Theatre, Theatre Education, Music, and Music Education faculty, staff, and students if these programs are terminated;

And whereas, Fairmont State University graduates in the Theatre, Theatre Education, Music, and Music Education have a positive impact on their communities, from teaching in local, national, and international K-12 schools and institutions of higher learning to careers in the performing arts, as well as careers outside these disciplines, including as CEOs of major companies to our recent Provost and Chief Academic Officer, Dr. Richard Harvey, who earned his BA in Music Education from WVU;

And whereas, Fairmont State University's Board of Governors was not provided the opportunity to hear from faculty, staff, students, or alumnus of the Theatre, Theatre Education, Music, and Music Education programs prior to terminating the majors, and, in fact, faculty from the programs were explicitly told not to attend the BOG meeting in which the programs were to be discussed;

Now, therefore be it resolved, that the Faculty Senate of Fairmont State University pledges support for the Theatre, Theatre Education, Music, and Music Education programs and the faculty, staff, and students who are necessary to sustain and strengthen these programs, and this Faculty Senate calls upon the Board of Governors to reconsider its vote to terminate these programs pending full and transparent representation of the programs' viability.

Presented this __18th__ day of August, in the year two thousand and twenty, by the Faculty Senate of Fairmont State University.

Charles Shields, President
