Associate Professor of Nursing

DERICO, DEBORAH (2016)
Assistant Professor of Nursing

DERICO, KIMBERLY (2013)
Assistant Professor of Nursing

FURROW, JULIE (2014)
Assistant Professor of Nursing

GALLO, VERONICA (2004)
Professor of Nursing

GILBERTI, JANET (2015)
Assistant Professor of Nursing

GRISETO, APRIL (2015)
Assistant Professor of Nursing

HICKS, ALEXIS (2009)
Associate Professor of Nursing

HOAG, DEBRA (2002)
Professor of Nursing

JONES, THERESA (2013)
Assistant Professor of Nursing

KERWIN, VICKI (2007)
Associate Professor of Nursing

KIRCHOFF, DENICE (1998)
Professor of Nursing

PERINE, LESLIE (2015)
Assistant Professor of Nursing

ROGERS, TANYA L. (2001)
Professor of Nursing

SHROYER, ASHLEY (2009)
Associate Professor of Nursing

YOUNG, FRANCES T. (1997)
Professor of Nursing

NURSING

(BACHELOR OF SCIENCE IN NURSING DEGREE)

The Bachelor of Science in Nursing Program is designed for registered nurses who desire a baccalaureate degree in nursing. It provides career mobility for the associate degree and diploma-graduate nurse. The program is designed to prepare nurse generalists to provide and coordinate care in situations of health promotion, maintenance, and restoration. The program aims to provide a base for graduate study and to prepare graduates to assume accountability for nursing practice in the roles of nurse generalist; care provider, designer, manager, and coordinator; and member of the profession.

The curriculum is individually designed on the basis of the student's academic background. A minimum of 120 approved credit hours is required. This includes 28 upper division-nursing credits. The program can be completed in two full-time academic years or one accelerated academic year under certain circumstances. Students may enroll on a full-time or part-time basis. Nursing courses will be offered online. A grade of "C" or above is required in all courses that count toward the degree, and students must maintain a 2.0.

The Bachelor of Science in Nursing Program at Fairmont State is accredited by the Commission on Collegiate Nursing Education (CCNE). Individuals interested in more information on accreditation may contact: Commission on Collegiate Nursing Education, One Dupont Circle, NW, Suite 530, Washington, DC 20036, (202) 887-6791, www.aacn.nche.edu.

All applicants seeking admission to the Bachelor of Science in Nursing Program are required to:

1. Meet the general admission and course placement requirements of Fairmont State.
2. Submit an application for admission, designating the major as Baccalaureate in Nursing, to the Director of Admissions. Official college and/or diploma program transcripts, including graduation date and degree, must also be submitted by the admission deadline established by the University.
3. Have transfer courses evaluated by the Registrar.
4. Submit all documents listed in the Program Health Requirements Policy.

Students with an overall cumulative GPA of 3.0 or higher and an overall ACT of 22 or higher are eligible for direct admission into the BSN Program concurrently with admission to the ASN Program but would have to apply for both degree programs. ASN students in good standing may also apply for admission to the BSN Program.

Students interested in the program are encouraged to contact the Department of Nursing for advisement purposes.

The following courses are required for completion of this program. All required courses must be completed prior to or concurrently with Nursing 4440. Active, unencumbered nursing licensure is required for enrollment in NURS 3350 and above.

The Bachelor's Degree in Nursing offers an option of School Nurse Certification. Education 2200 and the School Nurse Practicum 4441 are required for this certificate.

Registered nurses who already have a BSN degree would also take Education 2200 and Nursing 4441.

BACHELOR OF SCIENCE DEGREE

IN NURSING..... 120 SEM. HRS.
 Required Nursing Courses 28 SEM. HRS.
 Required Support Courses.....6-7 SEM. HRS.

NURSING
(ASSOCIATE OF SCIENCE IN NURSING DEGREE)

The mission of the Associate of Science in Nursing Program is to provide quality nursing education to students in West Virginia and beyond. The program is designed to prepare graduates for a challenging and satisfying career as a nurse. The curriculum includes a balance of nursing, General Studies, and support courses. Students have the opportunity to apply nursing theory and skills in the campus simulation laboratories, in clinical settings which may include hospitals, homes, a rehabilitation center, schools, clinics, and physicians' offices. Students are expected to provide their own transportation to all clinical experiences.

Fairmont State's associate degree nursing program is designed to produce a graduate who is able to:

- 1) Promote human flourishing for patients of all ages.
- 2) Utilize nursing judgment to provide quality nursing care.
- 3) Demonstrate attributes of a professional identity consistent with core nursing values.
- 4) Demonstrate characteristics of a spirit of identity to improve healthcare quality.

Applicants are admitted to the nursing major as they complete the admission process and meet the admission requirements of Fairmont State University and the Associate Degree Nursing Program. Accepted students will be admitted into the next admission class for the ASN, ASN Weekend, and LPN-ASN programs. As classes are filled, a waitlist will be established. Applicants remaining on the waitlist must reapply for the next academic year. Application and admission requirements can be found on the website at <http://www.fairmontstate.edu/schoolofnursing/academics/associate-degree-program>

To progress in the nursing program, a student must receive a grade of "C" or higher in each nursing and required support course. Failure to meet either of these requirements will result in a student being sequenced in the program

according to the Readmission Policy. A student may only be re-sequenced in the program one time. To graduate from the nursing program, a student must have a grade of "C" or above in every nursing course and a cumulative 2.0 grade point average.

Graduates of the program are eligible to take the National Council Licensing Examination for Registered Nurses (NCLEX-RN) for licensure as a Registered Nurse. For licensure in West Virginia, candidates must meet the following legal requirements delineated in the West Virginia Code, Chapter 30, Article 7, Section 11.WV Code 30-7-11. Denial, revocation or suspension of license; grounds for discipline.

The Board shall have the power to deny, revoke or suspend any license to practice registered professional nursing issued or applied for in accordance with the provisions of this article, or to otherwise discipline a licensee or applicant upon proof that he or she:

- a) Is or was guilty of fraud or deceit in procuring or attempting to procure a license to practice registered professional nursing; or
- b) Has been convicted of a felony; or
- c) Is unfit or incompetent by reason of negligence, habits or other causes; or
- d) Is habitually intemperate or is addicted to the use of habit-forming drugs; or
- e) Is mentally incompetent; or
- f) Is guilty of conduct derogatory to the morals or standing of the profession of registered nursing; or
- g) Is practicing or attempting to practice registered professional nursing without a license or registration; or
- h) Has willfully or repeatedly violated any of the provisions of this article

The nursing program is accredited by the West Virginia Board of Examiners for Registered Professional Nurses(WVBOERP) and the Accreditation Commission for Education in Nursing(ACEN).

ASN WEEKEND PROGRAM

This program is the same as the ASN Traditional Program and requires 60 credits. There are 41 required nursing credits and 19 required general studies and support course credits. The program is designed for individuals who want to become an RN, but have obligations during the week which prohibit them from attending our traditional ASN program. The program is six semesters with summers off. It is offered face-to-face every other weekend (Friday afternoon through Sunday evening) which includes clinical time. General study and support courses can be taken prior to starting the program, online, evenings during the week, or during the summer. The next admission class for the weekend program is fall 2018.

LPN TO ASN ACCELERATED TRACKS

Once admitted to the Associate Degree Nursing Program, Licensed Practical Nurses are eligible for one of three matriculation processes.

- 1.) An LPN student can choose to matriculate through the program with the generic students starting in the second semester of the first year of the ASN program. LPN students receive credit for NURS 1101 (7 credits) based on possessing a current and unencumbered LPN license. Thus, the nursing courses can be completed in 3 full-time semesters. General Studies and support course requirements will need to be taken prior to and/or concurrently with the nursing courses.

-OR-

- 2.) An LPN student can choose the Accelerated Non-Traditional Track. The LPN student starts the program in the fall semester. The classes are offered

synchronously online in the evenings and the clinical component is conducted two days each month. The student can complete the program in 12 months by completing most of the General Studies and support course requirements prior to starting the fall session.

-OR-

- 3.) An LPN student can choose to matriculate into the weekend part-time program starting in the second semester of the program. Thus the student can complete the program in five semesters.

1180/81, Anatomy and Physiology and FOSM 1110 Nutrition or FOSM 2299, Nutrition for Healthcare may be taken for credit hours or the credit hours may be awarded by competency examinations.

Licensed practical nurses who are interested in the Associate Degree Nursing program should review the application process on the School of Nursing Academic home pages at <http://www.fairmontstate.edu/academics/nursingdept/resources/application/default.asp>

• Required Nursing Courses for the Non-traditional LPN-ASN Program:

BIOL 2205 TECHNICAL MICROBIOLOGY	3
NURS 1200 NURSING CARE ACROSS THE LIFESPAN I	7
NURS 1201 MENTAL HEALTH ACROSS THE LIFESPAN	3
NURS 1202 ASSESSMENT ACROSS THE LIFESPAN I	1

NURS 1204 PHARMACOLOGY ACROSS THE LIFESPAN I	1
NURS 2301 NURSING CARE ACROSS THE LIFESPAN II	7
NURS 2302 ASSESSMENT ACROSS THE LIFESPAN II	1
NURS 2303 PHARMACOLOGY ACROSS THE LIFESPAN II	1
NURS 2401 NURSING CARE ACROSS THE LIFESPAN III	5
NURS 2402 ROLE TRANSITION, PROFESSIONALISM, & MANAGEMENT	3
NURS 2403 CAPSTONE CLINICAL EXPERIENCE	3
NURS 2404 PHARMACOLOGY ACROSS THE LIFESPAN III	1

TRANSFER STUDENTS

Students wishing to transfer into the ASN program must first meet the admission standards for the ASN program. Upon admission, transfer students will be required to provide a transcript from their previous school of nursing and submit, in writing, a request for transfer credit for specific nursing courses. Students must submit with the request course descriptions, course outcomes, or any other materials requested. If a nursing course is determined to be equivalent to a FSU SON course, the student must then demonstrate competency regarding the course content by scoring an 800 or above on the corresponding HESI exam. Courses must be less than five years old. The full transfer policy is available in the ASN Student Handbook.

TRANSPORTATION

As most of these programs require considerable student attendance at off-campus locations, it is the student's responsibility to provide transportation to all clinical

affiliates. The utilization of car pools, when appropriate, is encouraged to help meet the expense of those providing transportation.

LIABILITY INSURANCE

Group liability insurance is provided to the students in Nursing programs; the liability insurance is handled by the State of West Virginia. Students are not obligated to maintain any other liability insurance.

LAPTOP COMPUTERS

Students are required to have a laptop computer for the program. Computer requirements are listed on the website at <http://www.fairmontstate.edu/schoolofnaha/download-section>
