

LEADERSHIP MARION XXXIX

BASIC CRITERIA SELECTION FOR LEADERSHIP MARION

The most important factor in selection is identifying those individuals most apt to utilize their leadership for the long-term benefit of the community.

Basic Criteria for achieving this selection are:

1. Selection of those individuals with a sincere commitment, motivation, and interest to serve in the community.
2. Selection of those who have demonstrated commitment by past community activities.
3. Selection of those interested or intending to seek public office, board commissions, or key volunteer leadership roles.
4. Selection of those with potential or existing opportunities for advancement to top leadership positions within their own organization which, in turn, may play a significant role in the community.
5. Selection of those with an occupational commitment to remain in the Marion County area or surrounding areas, and are not likely to be transferred in the immediate future.
6. Selection of a cross-section of participants from business, government, community services, without regard to race, gender, religion, age, national origin, or disability as identified and defined by law.

Applicants should attempt to address these criteria in answering the questions on the application form attached. Please retain this cover sheet for your information.
