Move-In Addendum 2020-2021

Fairmont State University holds as paramount the health, safety, and welfare of our community. Dealing with the presence of the COVID-19 pandemic is becoming part of our everyday thinking, and taking steps to reduce the risk of COVID-19 is the shared responsibility of every member of our community. As a result, changes have been made to the traditional residential experience.

We have issued an updated Terms and Conditions (located within your Housing Portal) to provide you with greater detail about these shared obligations, what you may expect, and how changes may impact your residential experience in the coming year. You can view the updated Terms and Conditions through your housing portal. Access your housing application by logging into your myFairmontState account, clicking on the house icon, and selecting "Housing Application" at the top of the page.

At move-in, by checking the box and entering your student ID, you are acknowledging that you understand the inherent elevated risk associated with living in a community environment, and your shared obligation to prioritize health and safety for the benefit of the entire community. If you understand and agree to comply with the additional expectations, no additional action is necessary.
