Classification

| | |
|---------------------------|---------------------------|
| *Transient students | <u>Term Pin</u> 000000 |
|---------------------------|---------------------------|

*To be a 'Transient' student for registration purposes, you must be enrolled at another school and returning to that institution.

All students can access the student web product to register themselves for classes during their appropriate registration window after they have met with their advisor. Students must meet with their advisors in order to select appropriate courses and ensure progress toward their degree completion. Once courses have been selected and approved, students can select open sections of the courses at the times they want. When the schedule is finalized, students can enter the courses via 'FELiX' during the appropriate window.

❖ **UNIFIED COLLEGE ACCOUNT (UCA) USERNAME AND PASSWORD ARE REQUIRED FOR REGISTRATION.**

❖ **SOME CLASSES REQUIRE STUDENTS TO HAVE PERMISSION FROM THE INSTRUCTOR BEFORE ENROLLING IN THE CLASS.**

Step 1: Activate your Unified College Account if you have not already. For assistance, go to my.fairmontstate.edu select 'New User.' Follow the instructions listed.

Step 2: 'FELiX – Account Notifications.' Login to my.fairmontstate.edu to view your account notifications. This screen will notify you of any issues that you have outstanding and will remain until the issues have been resolved. These issues may include, but are not limited to:

- A hold on the account
- Balance due on account.
- Outstanding admissions and/or financial aid requirement
- Residence Life requirement

Step 3: Make an appointment with your academic advisor. To determine who your advisor is:

- Go to my.fairmontstate.edu
 - Log-In to 'my.fairmontstate.edu'
 - Select the 'FELiX' icon in the upper left-hand corner
 - After selecting the 'FELiX' icon, the 'FELiX – Account Notifications' screen may appear. If it appears, take a moment to review the notifications. Once the notifications have been reviewed, select 'Continue.'
 - Select 'Student & Financial Aid'
 - Select 'Student Records'
 - Select 'View Student Information'
 - Select the appropriate term and click 'Submit'
 - If you do not see an advisor listed, please check the list on page 14 for whom to contact in your college.

Step 4: During the meeting with your advisor, you will discuss your academic progress and will determine which courses you should be taking during the next semester. Once you and your advisor agree on the courses you need to take, your advisor will give you a unique PIN that you will use to access the registration form in FELiX. Do not lose this PIN. Only your advisor and academic department have this number. **Note: If you do not use your PIN prior to the end of the term, it will change. You will have to see your advisor for the new PIN.**

Step 5: You are now ready to select the actual times you want to take your approved courses. This is done by you, not your advisor, at any computer and at your convenience. The 'Class Search,' located on the registration form, is in real time and can be accessed once you access FELiX. (Directions on how to add/drop classes are found on page 8.)

REGISTRATION NOTES:

- All students, except for graduates, post-graduates, and transients, must meet with their advisor prior to scheduling. This will help ensure progress towards graduation requirements. You need to be familiar with your program requirements and seek proper advice.
- If you received an 'Incomplete' from a previous semester and are finishing the work for that class, **do not register for the same class again**. Once you complete the work, the professor will submit a grade modification form which will change your grade from an 'I' to a letter grade.
- Please check your academic history online and verify that you are not signing up for a class you have already completed, especially if you have transfer work. You are responsible for the classes for which you register.
- If you have an unpaid financial obligation on your account, you will not be able to add/drop classes. Once your hold has been lifted, you may not be able to access your online account until the next day. Do not wait until the last minute to pay your account. Please visit the Turley Student Services Center on the 3rd Floor of Turley Center for assistance.
- If you have any problems adding and/or dropping a class or withdrawing for the term, contact Turley Student Services Center immediately. **Do not wait.**
- You are responsible for your schedule. Every time you add or drop a class, review your schedule on-line and make sure you are registered only for the classes you want.
- During the first 2 weeks of each term students who are reported as not present will be dropped from class(es). Being reported as not present may result in severe financial aid challenges.

| <u>Hours Earned</u> | <u>Class Rank</u> |
|---------------------|-------------------|
| 90 and up | Senior |
| 60 - 89 | Junior |
| 30 - 59 | Sophomore |
| 0-29 | Freshman |

POTENTIAL REGISTRATION RESTRICTIONS

While registering for classes, you may encounter some restrictions that will block your registration. Listed below are some of those restrictions, along with the correct way to fix them. If you have any other problems, please contact the Turley Student Services Center at 304-367-4141.

NOTE:

ALL OVERRIDES WILL BE ENTERED ONLINE BY THE ACADEMIC COLLEGE/SCHOOL THAT TEACHES THE COURSE YOU WANT TO TAKE. PLEASE GO TO THE DEAN'S OFFICE FOR THE PROCEDURE TO OBTAIN AN ONLINE OVERRIDE.

ONCE THE OVERRIDE HAS BEEN ENTERED ONLINE YOU MUST REGISTER FOR THE CLASS IN FELIX. REGISTRATION WILL NOT BE COMPLETE UNTIL YOU ADD THE CLASS IN FELIX.

PAPER OVERRIDES WILL NO LONGER BE PROCESSED BY THE TURLEY STUDENT SERVICES CENTER EXCEPT FOR A LEVEL RESTRICTION AND DUPLICATE COURSE RESTRICTION.

You Are Not Permitted to Register Error

- **You are attempting to register for classes prior to your priority date.** Please refer to the [Registrar's Calendar](#) online for your correct registration date and try again at that time. If you feel you should be able to register, contact Turley Student Services Center at 304-367-4141.

Student Status Prohibits Registration

- **You are not eligible to register and may need to be readmitted.** For more information, please contact the Turley Student Services Center at 304-367-4141.

You May Not Add or Drop Due to Holds on Your Record

- **You have a hold that prevents registration.** Select the 'View Holds' link under 'Student Records' from the main 'Student and Financial Aid' menu for more information regarding the type of hold and the office to contact. Once the hold is released you may register for classes. However, you may not be able to access your online account until the next day. Do not wait until the last minute to pay your account balance.

Pre-Requisite Error

- **You have not completed the pre-requisite for the class.** The pre-requisite for all classes can be found in the current college catalog under each course description or by clicking on the CRN. In order to get registered for the class, you must obtain an override. You may contact the instructor and dean of the class either in person, by phone, or by email. All directory information is found on the homepage under 'Campus Directory.'
- **You have completed the pre-requisite, but the class was completed before the Fall 2003 semester under old course numbers.** Please contact the Turley Student Services Center at 304-367-4141 to register for the class.
- **The class has a math pre-requisite and you have completed a higher math class.** You must obtain an override.
- **You are a transfer student and have not had your transcript sent to Fairmont State University.** You must do this immediately in order to get credit for classes and pre-requisites. Failure to do so will result in a hold being placed on your account, which will restrict registration.
- **You feel you have completed the pre-requisite.** Please contact the Turley Student Services Center at 304-367-4141.

Closed Section

- **The class is at capacity.** You can continue to check the FELIX to see if a seat becomes available due to another student dropping the class. However, it is recommended that you find another class that fits into your schedule. In order to take the class, you must obtain an override.

Time Conflict

- **You are attempting to register for two or more classes that overlap in time.** You must find another class that fits into your schedule.

Class Restriction

- **You are attempting to register for a class that is restricted for a specific classification (i.e. juniors, seniors).** This means that you do not have the number of hours needed. Class restrictions can be found in the current college catalog under each course description. In order to take the class, you must obtain an override.

Field of Study Restriction

- **You are attempting to register for a class that is restricted for a specific major(s) which does not include your major.** Major restrictions are found with each course description in the current college catalog. You can change your major prior to the following deadlines by coming to the Turley Student Services Center. Major changes must be submitted by the last day to add classes for that semester. Please see the [Registrar's calendar](#) for specific dates. Once the instructor has agreed to allow you to take the class even though your major is restricted for that class, s/he will grant the approval online via '**Registration Overrides**' in the Faculty Web System. **You must then register for the class following the registration procedures on page 8. Approval granted online WILL NOT automatically register you for the class.**

Instructor Approval

- **You are attempting to register for a class that requires instructor approval.** You must contact the instructor to receive approval. Once the instructor has agreed to allow you to take the class, s/he will grant the approval online via **'Registration Overrides'** in the Faculty Web System. **You must then register for the class following the registration procedures on page 8. Approval granted online WILL NOT automatically register you for the class.**

Link Error

- **You are attempting to register for a class that is linked with another class (i.e., lab and lecture).** You may not register for one class without also registering for the other correct class. Refer to the class schedule for the sections that are linked. When a link error occurs you will not be registered for either part of the class. Once you find the correct link, you must register for both parts of the class again.

Co-Requisite Error

- **You are attempting to register for a class that is a co-requisite with another course.** These are classes which must be taken together during the same semester. You may not register for one class without also registering for the other class. When this error appears, FELIX will tell you which class you also need to take. You must then register for both classes again.

Duplicate Course Error

- **You are attempting to register for two different sections of the same class.** FELIX will register you for only one of the sections and list the error with the other section. If you have previously dropped a class on the web with a class status of 'DW', the system will also give you the duplicate error. If you want to register for the dropped class again, FELIX refreshes after approximately 10 minutes. You can try again then.
- **You are attempting to register for two classes that have the same course number (i.e., 1199).** You will only be able to register for one of these classes. To register for the other class(es) with the same course number, you must obtain a signed add/override form from the INSTRUCTOR of the class. Please note that the instructor's DEAN must also sign the form. Submit the completed form to the Turley Student Services Center.

Level Restriction

- **You are attempting to register for a class that is restricted for a specific level (CC, UG, and GR) which does not include your level.** To take a class that is restricted to level, you must obtain a signed add/override form from the INSTRUCTOR of the class. Please note that the instructor's DEAN must also sign the form. Submit the completed form to the Turley Student Services Center for approval. Seniors who are near degree-completion may be granted special permission to enroll in a limited number of graduate classes under certain circumstances. Please contact the Office of Graduate Studies for details at 304-367-4098.

Maximum Hours Exceeded

- **You are attempting to register for more than 18 hours.** If you choose to take more than 18 semester hours (up to 21 semester hours), you must first meet the eligibility (see below under ACADEMIC PROCEDURES: Semester Load). If you are eligible, you must obtain a signed 'Student Credit Hour Load Exception Form' from your Advisor and the Dean. If you choose to take more 21 semester hours and you are eligible, you must obtain a signed 'Student Credit Hour Load Exception Form' from your Advisor, your Dean, and the Academic Provost.

Please see the [Registrar's Calendar](#) for important dates and deadlines including:

THE LAST DAY TO DROP A CLASS WITHOUT A GRADE OF "W" NOTED ON YOUR TRANSCRIPT

AND

THE LAST DAY TO DROP A CLASS

<https://www.fairmontstate.edu/calendar/registrar-calendar>

Non-attendance and/or non-payment are not sufficient notice of intent to drop a course or withdraw. If you do not attend and do not properly withdraw prior to the first day of classes, you will be held responsible for a portion of your tuition and fees.

ACADEMIC PROCEDURES

Semester Load: In order to be considered for permission to carry more than 18 hours in a fall or spring semester or more than 12 hours for the summer semester, you must have an overall GPA of 3.0. In addition, you must have a 3.0 GPA from the previous term OR be enrolled in the last semester prior to graduation. Student Credit Load Exception forms must be obtained and signed by the Dean of the College and Provost if the student is taking over 21 hours.

Schedule Changes: You cannot add new classes to your schedule after the schedule change period. However, within this time, you can drop and/or add classes. Classes that are dropped during this period do not appear on your transcript or count as drops toward the Excessive Withdrawal count (see below). Refer to the [Registrar's Calendar](#) for schedule change dates.

Dropping a Class(es): You may drop a class(es) with a "W" being recorded on your transcript based on the schedule below. For specific dates for each term and part of term, refer to the [Registrar's Calendar](#).

- a.) 10th Week of a Full Semester
- b.) 5th Week of the 1st 8 Week Session
- c.) 5th Week of the 2nd 8 Week Session

Refer to page 8 for instructions on how to drop a class(es).

Withdrawal from Fairmont State University: You can withdraw from the institution with "W" being recorded prior to the last week of classes. For specific dates, refer to the [Registrar's calendar](#). Be sure to print a copy of the transaction for your records. Refer to page 8 for instructions on how to withdraw from the institution. Failure to properly withdraw may result in failing grades.

Excessive Course Withdrawal Fee: (Effective Fall 2006) When you drop individual courses after the schedule change period has ended, you will be charged a \$50.00 fee for each class you drop after the allowable maximum. Students may drop a total of eight courses before the fee is charged.

Application for Graduation: If you are close to graduation, you should sign up for a degree audit in the Turley Student Services Center. Degree audits are done two semesters in advance of graduation. Candidates for graduation must also officially apply for graduation two full semesters prior to the term they want to graduate. Please refer to the [graduation homepage](#) for more details.

Repeating a Course (Revised: Effective Fall 2018)

For coursework earned Fall 2018 or later:

Fairmont State University enforces Series 22 of the West Virginia Higher Education Policy Commission as follows:

If a student earns a grade of "D" or "F" (including failures due to regular and/or irregular withdrawal) on a course taken prior to the receipt of a baccalaureate degree, and if that student repeats this course prior to the receipt of the baccalaureate degree, the original grade shall be disregarded and the grade or grades earned when the course is repeated shall be used in determining the grade point average. The original grade shall not be deleted from the student's record.

In upper division courses, a student may formally repeat up to eight credit hours of a grade of "C". The privilege of the "D" and "F" repeat is capped at 21 credit hours including any request for a "C" repeat in an upper division course. The 21-hour cap is firm and shall not be exceeded. Repeat course forgiveness assigned on work earned prior to Fall 2018 (including repeats posted to pre-admission transfer work) is disregarded for this limit. In order to qualify for repeat-course forgiveness, written permission must be obtained from the appropriate dean/department chair of the academic unit where the student's major is housed.

Once a grade is removed from the GPA calculation via repeat-course forgiveness, it may not be altered further. Students who repeat a previously passed class may have limitations on financial aid eligibility for that class.

Courses completed at FSU with a grade of "D" or "F" may be repeated at any West Virginia public institution, provided the course at the other institution is deemed an equivalent course by FSU and the above stipulations are met. Regularly enrolled students who complete work at another regionally accredited institution must secure written permission from the registrar before attempting such coursework. The transfer grade policy will apply to these grades.

Courses transferred from other regionally accredited institutions that are legally repeated at FSU will be a part of the repeat process, provided the course at the other institution is deemed an equivalent course by FSU and the above stipulations are met.

For coursework earned prior to Fall 2018:

All students currently enrolled, beginning Fall 2018, shall start with a clean slate of 21 repeat credits. Each student shall be eligible for 21 credits of repeated courses regardless of any earlier recorded repeats appearing on the transcript. The student's grade point average shall be based on the subsequent grade or grades, not the original grade of D or F. The original grade shall not be deleted from the student's record, and will be removed only from the calculation of the GPA.

Once a grade has been removed from the GPA calculation via repeat-course forgiveness, it may not be altered further.

Credit / No Credit Option: Any student who has completed 58 or more semester hours of credit may select one course per semester on a credit/no credit basis; such courses are to be considered part of the regularly scheduled load. A maximum of 18 semester hours may be completed with this option.

Students may not choose this option for the following courses:

- (a) Major, minor or skill set
- (b) Education certification program

Courses taken under this option will be recorded but will not be reflected in the quality point index. Credit courses will count toward graduation.

Selection of a course for credit/no credit must be made at registration with the approval of the student's academic advisor, and may not be changed after the end of the add-drop period. The grade "CR" means "C" or better.

Auditing a Course: Students may be permitted to attend classes as auditors if they obtain written permission from their advisor and instructors in the classes they want to audit. A student who enrolls in any class as an auditor may not, in the same semester, be considered as enrolled in the class for the purpose of obtaining credit. Auditors are required to complete the regular registration process and pay regular fees. The decision to audit a course must be made during the add/drop period.
