THE OFFICIAL GUIDE TO THE RESIDENCE HALLS AT FAIRMONT STATE UNIVERSITY
The Official Guide to the Residence Halls at Fairmont State University

Welcome
On behalf of the entire Office of Residential and Student Life, welcome to Fairmont State University! Due to COVID-19, this will truly be a year of change. It is your turn to take actions to help yourself be successful in the future. It is your turn to take advantage of every opportunity. It is your turn to make a difference.

This guide is designed to help you understand what is expected of you within the residence halls, but also, so you know what to expect from our team. Now, more than ever, we need your understanding and your cooperation in adhering to some new policies that will assist in keeping you and our campus community safe.

Our staff will strive to help you through your residence hall experience. We will provide you with the opportunity to attend various programs both virtually and in person. You will be able to meet faculty members and build relationships with other students. We will continue to provide you with an on-campus living experience that fosters relationships and encourages personal growth. It is your turn to take full advantage of the amazing resources that we have to offer.

Living on campus will provide you with many new freedoms and personal choices through which you can meet students not only from West Virginia, but from around the world. It’s your turn to develop these friendships and establish a connection to a diverse population on our campus.

It is my hope that through this living experience you will develop the skills necessary to succeed. We are excited that you have chosen to attend our institution. If there is anything you need, feel free to give us a call at 304-367-4216 or contact your RA!

Sincerely,

Alicia M. Kalka

Housing and Residence Life Mission
The Office of Housing and Residence Life works to provide an inclusive residential living learning environment with programs, services, and experiences that build comfortable communities where students can live, learn, grow, and inspire.

Residential Education
Now, it’s your turn! We expect residents to come to campus with an open mind and be willing to fully participate as active members of their community. With this in mind, the Office of Housing and Residence Life strives to create a community of learning where our residents can live and grow as neighbors now and in the future. All that we do is intentional and student focused.

Our educational priority is to help our residents succeed in and out of the classroom. We ask our residents to take action toward positively impacting self, others and the world. In order to guide our residents to succeed and be quality neighbors in their community, we focus on the following four learning goals.

Learning Goals
Creating Connections
Creating connections is a foundation that will benefit residents beyond their time at Fairmont State University. These relationships will build a support system to enhance their overall experience. Residents will be able to form and maintain connections for their own personal growth and for integrating into future communities.

Residents will:
- Know the names of their neighbors
- Engage in community activities
- Support peers in the community (learning, caring/looking out for them, celebrating)

Exploring Identity
Identity exploration is a cyclical process that occurs throughout one’s life. By living on campus, residents will explore facets of their identity that impact who they are and how they define and express themselves.

Residents will:
- Articulate who they are
- Explore their individuality
- Place value in themselves
- Exhibit confidence in their actions

Developing Communities
The development of communities involves respecting others, understanding the goals of the community and taking ownership for the place in which they live. With a foundation in the established Housing and Residence Life and University Student Conduct Code policies and
procedures, guidelines will be created to carry out successful roommate and neighbor relationships.

Residents will:

- Assist in the implementation of the guidelines of the community
- Learn effective ways to address community concerns
- Respect others
- Take action for the benefit of their community

Making Educated Decisions
Residents will develop an understanding that learning is an ongoing process toward educated decision-making. Residents will have the opportunity to learn basic skills that will assist them throughout their life. Facing challenges in a safe and supportive environment will also teach residents how to identify solutions to resolve these challenges.

Residents will:

- Understand the intent behind policies
- Learn how to take care of their personal space
- Be able to identify multiple solutions to a problem
- Exhibit self-care

Staff Roles
Each residence hall is staffed by full-time professional and paraprofessional staff members.
Residence Hall Directors
Residence Hall Directors (RDs) are full-time, live-in professional staff members who oversee the daily operations of the residence hall. They supervise the Assistant Resident Directors, Resident Assistants, and Desk Monitors. RDs ensure that the residence halls maintain a safe community by upholding residence hall policies and procedures. RDs are trained in crisis management, emergency response, safety and security, student development, and program development. The RD is here to ensure that your residence halls are conducive to academic success.

Assistant Resident Directors
Assistant Resident Directors (ARDs) are paraprofessional staff members that live in the residence halls. The ARDs are typically returning RAs who have experience in the residence halls. ARDs are seen as a “lead” RA. To our residents, ARDs are seen as another RA that can help you at any time.

Resident Assistants
Resident Assistants (RAs) are paraprofessional staff members that live in each residence hall. RAs are full-time students and will likely be one of the first people you meet on campus. They are the first contact person for residents who have questions or concerns of any nature in Housing. RAs are aware of a wide range of campus resources that are available to students. They are here to ensure that the residence halls maintain a safe community by upholding residence hall policies and procedures. RAs are trained in crisis management, emergency response, safety and security, student development, and program development. RAs ensure that your residence halls are conducive to academic success.

Getting to know your RA will greatly improve your residence hall experience. If you simply need someone to talk to, stop by and see your RA. Remember: RAs are not parents or police officers; they are students just like you. If you need assistance and no one is available, try calling the duty phone (numbers available on page 6-7). RAs will promptly report important information to their superiors.

Plan to virtually attend Monthly Community Gatherings with your RA to keep up to date on everything related to the residence halls. These are informal and fun meetings that will give you the opportunity to reach all of the learning goals laid out in the Residential Education Curriculum.

Housing Application

Housing Contract
The Housing and Residence Life contract is a legally binding agreement between you and the institution. **As long as you are enrolled, the contract is in effect until the end of the academic year.** Returning your room key to a Residence Director or Resident Assistant and/or moving out does not cancel your housing contract. Your housing contract obligates you to follow all of the rules in this guidebook, the Student Code of Conduct, and any other institutional policies. If a student is held responsible for violating any policies and is removed from campus housing, the student is still responsible for paying room and board fees for the entire academic year. Our institution requires that all students reside on campus for four (4) consecutive semesters. **Failure to complete an application does not waive the four (4) consecutive semester requirement.** Our institution reserves the right to assign a room for any student who has not met the requirement.

Housing Age Policy:
The Office of Housing and Residence Life does not offer non-traditional housing (students who are married, students with children, etc.). Students over the age of 25 may not reside in the residence halls. Those students over the age of 25 are asked to seek housing off campus.

Application Process
Students will be able to apply for housing for the upcoming academic year beginning in **September or October of 2020.** It is important to apply early to ensure you receive your preferred room type. When completing the application, you will be able to apply, select a meal plan, and sign your contract. Until self-selection ends (usually in early spring), you will be able to place yourself in the room you prefer.

**Remember, accepting or signing the Terms and Conditions of our contract obligates you to the lease.**

Deposit
It is not necessary to pay a second deposit when applying for housing for future academic years unless your deposit has been previously returned. Each student’s deposit is rolled over to the next academic year; however, each student will be responsible for any damage charges that are posted on his/her student account. If a student is not planning to return to the institution, he/she must notify the Office of Housing and Residence Life in writing (prior to November 30th for the spring semester, and prior to May 31st for the fall semester) in order to
receive a deposit refund. Without written notification (including in the case of graduates) the deposit will not be released. If the deposit is returned, you will receive the deposit unless you have an outstanding account balance. In those cases, the deposit will go towards the account balance.

Waitlist
In the event that you are not currently placed into a room that is your highest preference, we can help! With our waitlist, you can relax while we work to get you your desired placement. Our staff will log your information and contact you once your desired room type becomes available. Our waitlist is first come- first serve so take advantage of it today!

Please note: When we get to your name on the waitlist, you will be placed in that room type. After you request to be on the waitlist for a specific room type, it is your responsibility to notify our office if you change your mind. You are only permitted to be on one room type waitlist at a time. Specific roommate requests cannot be made on the waitlist.

Learning to Compromise
This may be the first time you have had to share a living space with another person. You and your roommate are most likely very different.

Learning how to live with someone who is different than you is one of the best experiences you will be able to take with you throughout life. Chances are, you may have some differences or disagreements throughout the year. It is our hope that you learn how to handle these situations maturely.

This is why we ask all roommates to complete a Roommate Success Plan at the beginning of the year. Your RA will be in touch soon to give you more information about the Roommate Success Plan. The Roommate Success Plan will give you and your roommate(s) the opportunity to discuss potential issues before they come up. It will discuss things like:

- Sleep time vs active time
- Guests
- Use of personal belongings
- And much, much more!

Even with the Roommate Success Plan, there will still likely be issues. Remember, many times people are completely unaware they are bothering you. Communication is key to correcting these concerns. If you and your roommate attempt to communicate, but are still having difficulty, we encourage you to get your RA involved. The RA will sit down with you, mediate the conversation with reference to the roommate contract, and talk with you about ways to communicate more effectively. Our goal is for you to have a positive housing experience.

With COVID-19, now, more than ever, you will need to have open communication with your roommate. If your roommate is acting in ways that you think are unsafe and putting you at risk, we recommend talking with your roommate about why safety measures are important to all members of our community. As before, if you are unable to resolve the situation, please reach out to your Resident Assistant. They will help you mediate the conversation.
Room Changes
A room change should not be seen as an easy fix to a roommate disagreement. Remember the saying, "The grass isn’t always greener on the other side." If you have followed all of the steps outlined in Learning to Compromise, and you still want to move, you will need to contact the housing office. Our office will initiate the room change. Room changes are not approved during the room freeze period. Room freezes are usually during the first two weeks of the Fall and Spring semesters. The freeze allows the Office of Housing and Residence Life time to ensure all residents who have reserved a room have checked into rooms. We do not approve room changed based on race, age, disability, veteran status, religion, sexual orientation, or national origin.

Withdraw or Non-Attendance
Residents who withdraw from classes during the semester are required to vacate the residence hall within 24 hours after the withdrawal is completed. Also, any resident who stops attending classes may have his/her residence hall contract canceled and will be given notice to vacate the residence hall. All residents must check out properly with a Residence Hall staff member or be assessed a $75.00 fine for improper checkout. Replacement key costs are applied if keys are not returned at the conclusion of the move-out process. Residents will not be assessed more than $175.00 for lost keys ($150.00 for a room key and $25.00 for a mailbox key) and/or for an improper check-out.

Institutional Breaks
Academic Year Housing
All residents in academic year housing are required to leave campus during designated institutional breaks (i.e. Thanksgiving Break, Winter Break, and Spring Break). Before residents leave for break, they should unplug all electrical appliances (excluding refrigerators), close and lock all windows, store valuables or remove valuables from the residence halls, remove all perishables from the room, empty trash, and lock the room door. Please note, refrigerators will be checked during break room check periods to avoid rotting or spoiling food.

You must vacate your room according to the dates and times included in the institutions’ break schedule. Please consult with your RA for more information. If you are unable to vacate the residence halls due to some extenuating circumstance, please notify the Office of Housing and Residence Life at least two weeks prior to the designated institutional break period (i.e. Thanksgiving Break, Winter Break, and Spring Break).

Extended Academic Year Housing
Residents in extended academic year housing are permitted to reside in their rooms during the designated institutional vacation periods (i.e. Winter Break, Spring Break, Summer Break). If you are interested in an extended academic year application, please contact our office at 304-367-4216.
Inventory Inspections
The Inventory Inspection is one of the most important tasks that each resident will complete upon checking into the residence hall. The inspection is completed through the housing application. Each piece of inventory will be assigned a condition as noted by our staff. It is your responsibility to complete your own inspection of the inventory. This inspection is used as part of the damage assessment process completed after each student moves out.

Maintenance and Room Safety
Although this is your home away from home today, in the years following, this room will be someone else’s new home. For this reason, please remember that you will be billed for damages, lost or stolen property, or additional service costs caused while you are in the room. All damages to university owned property must be reported promptly either to a staff member or via a maintenance request. You will be responsible for damage to or within your room and for damage or missing furniture, IT equipment, etc. based on the current cost of labor, materials and/or replacement cost of the item(s). If two or more residents occupy the same room and individual responsibility for damage or loss cannot be ascertained, charges will be divided and assessed equally among the residents of the room. Any charge from damage or loss must be paid in accordance with the established billing schedule. If a student is identified as purposefully damaging or removing university property, the student may be charged with vandalism or theft, under the crimes code of West Virginia, and may also face Residence Life and/or University student conduct charges.

We understand that accidents may happen. It is your responsibility to report any damage or loss immediately. Please follow the directions below to complete a maintenance request. All major damages should also be reported immediately to your RA.

Maintenance Requests
If something should break, submit a maintenance request following these instructions:

1. Go to your housing application.
2. Click "Room Maintenance" in the top banner.
3. Click “My Jobs”
4. Click “New Jobs”
5. Complete the maintenance requests using the prompts

In the maintenance request, be very detailed in describing the issue. For example, “my door doesn’t work” is not specific enough. Clarify if the door doesn’t lock, does not unlock, does not close, scrubs the floor, does not latch properly, etc. For example, write, "My door does not close all the way." In this instance, the carpenter, rather than the locksmith, would be sent specifically to examine the maintenance request. Not being detailed regarding the maintenance concern will delay the repair.

You will be able to follow this maintenance request’s status by logging back into your housing application. Depending on the priority of the work being requested, the maintenance staff will address your concerns. Security, safety, plumbing, and electrical issues are assigned the highest priority. For example, repairing a towel bar will be considered a lower priority item,
than to a smoking electrical outlet. Please note that you do not have to be present for the maintenance staff to enter your room and check or repair the issue.

**Health and Safety Inspections**

Housing and Residence Life staff will conduct regular health and safety room inspections in our residence halls. These are required in all residence halls. These checks are conducted to increase safety within our residence halls by timely identification and removal of prohibited items. At this time, the staff will also address any policy violations and maintenance concerns within the student rooms.

During the inspection, you will be asked to vacate the room to maximize social distancing. The staff will conduct a noninvasive scan of the room. We do not open refrigerators (with the exception of break periods to check for perishable and spoiled food) or closets. We will ask the resident to move items blocking outlets or AC units. Our staff may ask for the resident to open refrigerators, closets, or drawers if we have reasonable suspicion of policy violations or major maintenance concerns.

During inspection time at all institutional breaks (Winter Break and Spring Break), inspections are conducted by the Housing and Residence Life staff in every residence hall.

**Keys**

Keys are the property of the Office of Housing and Residence Life and may not be loaned or duplicated. Lending or duplicating a room key is a policy violation (misuse of Student ID/Keys) and will be referred for a student conduct hearing.

Anyone who do not return his/her room key at the time of checkout or lose a room key, will be assessed a fee of $150 or re-core the lock. Mailbox keys that are not returned or are lost are charged a fee of $25.

If a resident believes that his/her key is missing or stolen, he/she should report this immediately to be Resident Assistant or Residence Director.

**Lock-outs**

Residents are permitted to have two (2) lock-out requests per year. A lock-out consists of a resident being locked-out of his/her room. A staff member will assist the resident with obtaining entrance back into his/her living area but will ask the resident to maintain a safe social distance while doing so. On the second lock-out, the resident will receive a warning letter via email. On the third lock-out, the resident will receive a $15.00 fee charged to his/her student account.

For each following lock-out, the student will receive a scaled (+$10) charge to his/her student account using the scale as follows: $15, $25, $35, etc.

**Rules and Regulations**

The three (3) categories of violations are as follows:
1. Extraneous offenses which may by-pass a Residence Director (RD) in Lieu of the Campus Judicial Officer (CJO)
2. Major offenses which are grounds for removal from the residence halls
3. Minor offenses which are not usually grounds for removal from the residence halls unless the violations are in conjunction with major offenses or is a repetitive behavior.

The Process
When a student has a conduct incident, receives a Campus Judicial Referral, and/or receives a Magistrate Citation, he/she is first scheduled to attend a virtual Student Conduct Hearing conducted by a conduct officer.

During the hearing, the conduct officer reviews the police reports, informational reports, and/or witness statements, and talks directly to the alleged offending person. At the conclusion of this conduct hearing, the student will plead responsible or not responsible for the violation.

1. If the student pleads responsible, behavioral sanctions could be imposed, including, but not limited to an educational training program or required community service hours.
2. If the student pleads not responsible to the alleged violation, the conduct officer would take the information the student presented into consideration and make a final determination of responsibility.

If a student conduct violation is considered to be a major policy violation (robbery, drug distribution, sexual assault, stalking, theft, harassment, arson, physical assault, etc.) the student will be referred to the CJO for potential disciplinary suspension. Disciplinary suspension would remove the alleged offender from classes and ban him/her from campus.

Student Conduct Hearing
When a policy violation has occurred, students have the right to a student conduct hearing. Hearing notices will be sent to the student’s campus email (or for non-Fairmont State University Students, the email on file with the Office of Housing and Residence Life) with at least 48 business hours’ notice. During this hearing, the student has the opportunity to present the case regarding the alleged policy violation(s). The conduct officer will conduct the hearing. During the hearing, all relevant information, witnesses, and evidence should be presented to the conduct officer. If you choose not to attend your meeting, a decision will be made in your absence. The technical rules of evidence applicable to civil and criminal cases shall not apply. The conduct officer has the right to limit the number of witnesses. All student conduct decisions are based on a preponderance of the evidence, i.e. the allegations more likely than not occurred as charged. Residents are responsible for any violation that occurs in his/her room, even if they are not participating in the violation.

The residential student conduct process is designed to be educational and encourage responsible behaviors. It is expected that residents do not allow themselves to be present for situations that may potentially disrupt the larger residential community. If you are present for policy violations or violations occur in your assigned room, you will typically be held responsible for the violations, and appropriate behavioral plans will be imposed. It is expected that students will immediately separate themselves from policy violations,
and report violations to appropriate staff members. If information supports that students are aware of a policy violation(s) and fail to report the incident and immediately separate themselves from the situation, students will most likely be found responsible for the alleged policy violation(s) and the minimum behavioral plans outlined in this section will be imposed.

NOTE: In certain circumstances, a student may be removed from the residence halls before a student conduct hearing has been held or following the hearing where removal is imposed, and an appeal is pending. An interim removal from the residence halls may be imposed to ensure the health, safety, or well-being of members of the residential community or to preserve property.

**Housing and Residence Life Student Conduct Appeal Process**

Students are entitled to request an appeal for each incident; however, requests should not be submitted just because you do not agree with the decisions of the conduct officer. Requests for an appeal must be made in writing within five (5) business days of the outcome letter. An appeal is limited to a review of the proceedings before the conduct officer and any evidence that first became available after the student conduct meeting.

Grounds for an appeal are:

1. New information or evidence is available that supports a change in the current decision which was not present at the time of the original hearing.
2. The judicial process was biased.
3. The sanction was too severe for the violation.

The appellate officer will review the request for an appeal and determine if grounds exist. You will not be at risk of more consequences simply by exercising your right to an appellate review. While an appeal is pending, student conduct sanctions are suspended until the Appellate Reviewer has acted upon the request and a final resolution has been reached. An exception may occur to ensure the health, safety, or well-being of members of the residence hall community or to preserve property.

A student's request for an appeal will generally be granted if at least one of the following conditions is met:

1. New information that was unavailable at the student conduct meeting can be presented that would change the outcome of the case.
2. Established procedures were not followed and these errors affected the outcome of the case.
3. The outcome of the case is not supported by a preponderance of the evidence.

The Appellate Reviewer may:

1. Uphold or modify the original decision
2. Uphold or modify the student conduct sanctions and/or
3. Remand the case back to be reheard or reconsidered in cases where there is new
   information or a procedural error.

The Final Appeal
If you desire, you may continue to appeal the case up the Appellate Reviewer list. The
appellate reviews may result in any of the above outcomes. A final appeal may be made to the
Vice President of Student Success. The Vice President’s decision will be final and binding.

Sanctions
Notice of Policy Violation
Given to inform the student that a specific behavior does not meet minimum expectations for
residence hall living. It is generally imposed following isolated and less serious incidents of
misconduct or contract violations. It is not imposed for a specific length of time, but further
misconduct may lead to other consequences.

Residence Hall Probation
A resident is not considered in good standing within the residence halls. Any further violations
may result in additional consequences. Residence hall probation will be imposed, minimally,
until the end of the academic year.

Residence Hall Deferred Suspension
Stipulation that subsequent disturbances to the residence hall community will typically result in
removal from all institution-supervised residence halls. Deferred suspension will be imposed,
minimally, until the end of the academic year.

Residence Hall Reassignment
A mandatory change of room assignment within institution-supervised residence halls for
inappropriate behavior or disruption to the residential community. Further behavior will
generally result in more serious action including residence hall removal.

Residence Hall Contract Termination and Removal
Removal from the campus residence hall community for conduct which is a serious violation of
residence hall rules and regulations. Removal may also result from less serious, but repeated
incidents of misconduct. Serious violations are generally considered those behaviors that are
dangerous or highly disruptive. Separation may range from the remainder of a given semester
(regardless of the days remaining) to permanent removal. The housing contract states, "Failure
to abide by the residence hall policies and procedures may result in contract termination,
removal from the residence hall, and forfeiture of all residence hall and dining fees for the
remainder of the academic year." Residents who are removed from campus housing may or
may not be permitted from returning in subsequent years.
Residence Hall Ban
Total separation from any or all residence halls. This includes all property surrounding the residence hall, all porches, all steps, etc. A banned student will not be eligible to reside, visit, or otherwise participate in activities in the residential facilities.

Community Service
Mandated service assignments. Failure to complete this sanction will result in a fine of $20 per hour of service not completed.

Creative Sanction
An exercise designed to allow the student to reflect on residence hall violations and the impact those violations have on oneself and others. Students may be required to research a specific topic, design and/or present community awareness programs, hall presentations, bulletin boards, or make restitution for damages through restorative work. The hearing officer will review assignments to determine if the student has successfully met educational goals of the assignment. Failure to complete this sanction will result in a fine of $150.

Discretionary Sanctions
Other sanctions may be imposed to achieve specific educational outcomes.

Online Reflection Exercise
An exercise designed to allow the student to reflect on residence hall violations and the impact those violations have on oneself and others. Failure to complete this sanction will result in a fine of $100.

Parental Notification
Notification of a policy violation, student conduct meeting outcome (i.e. finding of responsibility), sanctions, etc., to a parent, guardian, or other designated contact in compliance with the Family Educational Rights and Privacy Act (FERPA).

Referral
A consequence which may require coordination with the counseling center (alcohol and drug referrals, online educational activities, assessment, and individual or group sessions), Campus Judicial Officer, or other appropriate offices or university resources.

Restitution

Suspension of Privileges
A resident may lose residence hall privileges. This includes but is not limited to loss of visitation, computer/network access, etc.

Students are responsible for completing assigned behavioral items regardless of whether or not they are separated from the institution(s) at the time the sanction is due (i.e., the student withdraws from the institution(s) or campus housing prior to the sanction deadline).

Policies
Abuse
Physical abuse, verbal abuse, threats, intimidation, coercion and/or other conduct which threatens or endangers the health or safety of any person, including oneself.

Solicitation
Because the entire residential facility is considered home to our students, we ask those seeking to promote their program or event to consider the non-residential, public options available on the campus in order to reach all students.

Please note, commercial and non-housing affiliated advertising and delivery of flyers is prohibited and can result in student conduct sanctions or the Department of Public Safety being contacted.

Door to Door Canvassing
No solicitation for a commercial service or product will be allowed at any time. Housing residents and housing staff may engage in door to door canvassing in their respective residence halls, consistent with normal residence life interactions.

The following organizations may be permitted to engage in scheduled, pre-approved door to door canvassing in the residence halls:

1. Student representatives of SGA
2. Student candidates for office in SGA

Representatives of the above groups must follow established procedures for scheduling access to the halls and checking in with building staff. For inquiries about scheduling access for canvassing in the residence halls, please contact the Office of Housing and Residence Life at 304-367-4216.

2. No room/suite/apartment should exceed its number of actual occupants.
3. No guests who do not live in the residence hall will be permitted to enter the residence hall.

Student health and safety are of primary concern at Fairmont State University. In the event of significant intoxication as a result of alcohol or drug related symptoms, we encourage individuals to seek medical assistance for themselves or for their fellow students.

If medical assistance is sought, we will not pursue conduct related charges for violations against the intoxicated student or all student(s) actively involved in assisting the intoxicated student.

**Actively assisting an intoxicated student requires that an individual:**
1. Calls Department of Public Safety (304-367-4157) or 911.
2. If the individual seeks out an individual qualified to assess the student’s condition such as an RA (Resident Assistant) or any Residence Life professional.
3. Monitor the intoxicated student’s condition while professional medical services arrive.

**Student(s) will not be considered covered by the Amnesty Policy if:**
1. Student(s) wait until campus police or emergency medical assistance arrive prior to seeking assistance.
2. Action is taken by campus police or other law enforcement personnel
3. There are violations of the Student Code of Conduct other than the alcohol/drug policy
4. Possession of drugs/controlled substance with the intent to distribute

Safety

**Department of Public Safety**
The Department of Public Safety (DPS or Campus Police) was created to maintain law and order on the campus by working to prevent crime and apprehending violators when crimes do occur. In addition to law enforcement and parking control, the department is also responsible for emergency management preparedness efforts.

The department is staffed with full and part time sworn and non-sworn police officers. All sworn police personnel are certified by the State of West Virginia as law enforcement officers and exercise full arrest powers. Uniformed officers provide patrol protection throughout the campus including residence halls, parking lots and other facilities. Officers on duty maintain continuous two-way radio communication with City Police who are quick to respond to the requests for assistance.

For emergencies, please note that you may use any of the emergency call boxes stationed around campus (yellow in color with blue light on top).

**DPS Services Provided on Campus**
1. Unlocking and jump-starting vehicles
2. Security escorts
3. Traffic enforcement
4. Locking and unlocking of buildings
5. Event security
6. Security patrols throughout the campus

Parking
Every student who parks a vehicle on campus is responsible for securing and displaying a valid parking pass. In order for the parking pass to be valid, your vehicle must be registered with the Department of Public Safety. Students who fail to do so will be ticketed. Should a parking pass be lost or stolen, it will be the responsibility of the student to purchase a replacement pass. Additional parking permits can be purchased from the Department of Public Safety.

Clery Reporting
Fairmont State University is committed to assisting all members of the community in providing for their own safety and security. The annual security and fire providing for their own safety and security. The annual security and fire safety report is available on the DPS website at:

http://www.fairmontstate.edu/campuspolice/jeanne-clery-act

If you would like to receive a hard copy of the Annual Security and Fire Safety Report which contains this information, you can stop by the Department of Public Safety in Wallman Hall or you can request that a copy be mailed to you by calling 304-367-4157. The website and booklet contain information regarding campus security and personal safety including topics such as: crime prevention, university police law enforcement authority, crime reporting policies, fire safety, disciplinary procedures and other matters of importance related to security on campus. They also contain information about fire statistics in residence halls and crime statistics for the three previous calendar years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by the institution and on public property within, or immediately adjacent to and accessible from the campus.

Title IX
Title IX of the Education Amendments of 1972 (20 U.S.C. § 1681) is an all-encompassing federal law that prohibits discrimination based on the gender of students and employees of educational institutions which receive federal financial assistance. Moreover, litigation in the 40+ years since Title IX became a law has served to expand the concept of "sex" to include sexual orientation as well as gender identity and affliction.

Title IX has been most recognized for creating more opportunities for women in sports over the past 40 years, but its impact and scope are actually far greater, reaching into every concerned program of academics. But the intent and outcome of Title IX are also more than just a good idea or suggestion, and those educational institutions that receive federal funds of any kind are charged to comply with Title IX or face serious consequences. It is very important that all of us who are enrolled at, who are employed by, or who act on behalf of our institution be aware of the requirements and implications of Title IX compliance in regard to students and employees - not only for the betterment of our students and programs and our workforce, but also to ensure the protection of our institution.
If you are a student who believes you have been subjected to (1) sexual harassment by institutional faculty or staff; or (2) any other form of gender discrimination under Title IX, you may report misconduct or file a formal complaint with the Title IX coordinator. Complaints must be submitted in writing no more than 300 days after the incident(s) in question. For good cause and at the Coordinator’s discretion, written requirement or the 300-day time limitation may be waived. The entire complaint procedure and complaint form can be found on the Title IX web pages at www.fairmontstate.edu/titleix.

If you are a student who believes you have been or are the victim of sexual harassment, including sexual assault, sexual violence, or other sexual misconduct by another student, you may report such conduct and file a complaint under Title IX with the Title IX Coordinator for adjudication by the Student Conduct Office, which addresses complaints of student sexual misconduct.

**Missing Person**

If someone has reason to believe that a student is missing, he/she should immediately notify the Department of Public Safety at 304-367-4157. DPS will generate a missing person report and initiate an investigation.

After investing the missing person report, should DPS determine that the student is missing and has been missing for 24 hours, then within 24 hours the following notifications will be made:

1. DPS will notify the Fairmont City Police Department or the agency that has jurisdiction in the area that the student is missing, regardless whether the student has confidential contact, is above the age of 18, or is an emancipated minor;
2. If the missing student is under the age of 18 and is not an emancipated individual, the institution will notify the student’s parents or Legal Guardian immediately after DPS has determined that the student has been missing for more than 24 hours as well as their confidential contact.

The institution will maintain registered confidential contact information provided by students in a confidential manner and it will only be available to authorized campus officials or law enforcement and it may not be disclosed outside of a missing person investigation. officials or law enforcement and it may not be disclosed outside of a missing person investigation.

**Campus Services**

**Residence Hall Programs**

In each of the residence halls, activities and events are hosted by the RA staff. These programs are designed to meet the needs and interests of our residents as well as help the residents reach the learning goals set out for the residence halls. These activities are held weekly in the buildings, but due to COVID-19 may be in small groups, virtual, or passive.

Participating these activities is a great way to explore identity, create connections, and develop community. In order to stay in-the-know regarding upcoming activities in the residence halls, connect with us on social media, regularly check the Student Life Campus Calendar and keep an eye out for flyers and announcements.
Laundry Facilities
Each residence hall has at least one central facility. Each facility is outfitted with washing machines and dryers. Residents may utilize the washers and dryers at no additional cost but should be mindful of the number of other students in the laundry room before entering. No laundry room should even exceed an occupancy of two (2). Liquid detergent or detergent pods are required for the HE machines in our residence halls. The use of powder detergent will cause issues with the machines. These facilities are not open to non-residents. Any non-resident (and host) caught using these facilities will be referred to the student conduct process and banned from the halls. Students should stay with their laundry when possible, this ensures timely usage of the machines, and ensures belongings do not get taken by other students.

Postal Services
Mail is delivered to and sorted inside of the residence halls Monday–Friday. Packages can be picked up by seeing an RA between 4:00PM and 12:00AM at the designated area. Please make sure you bring a copy of the email notification you received from Housing and Residence Life stating that your package has arrived. Due to our delivery system, you may not receive your mail or package when you receive a “delivery notification” from your carrier. Please allow an additional three business days.

When sending a package to the residence halls, it is very important to utilize the exact mailing address. Residents and families are encouraged to purchase a tracking code for important letters and packages. This will aid staff in tracking down any lost or stolen items. When sending a letter or package, please include the entire zip code, which is building specific.

Connecting Smart Devices and Game Consoles to the Res_Hall Network
The Residence Halls now all have a new wireless system. Each room will have a wireless device in the room, and with these new access points, you will be able to connect smart devices such as smart TV’s to the wifi using the new “Res_Hall” network.

To set up an account for this network, please contact Fairmont State’s Tech Commons by giving them a call at 304-367-4810. They will be able to set up an account to allow you to connect those devices to your port.

You will either have an access point, or a singular port that can be used. If you have an access point where your ethernet port would be, simply connect to the bottom of the access point where it says “LAN” to get ethernet access. If your game console does not connect automatically, leave it on overnight or until the device registers. If the console does not connect to the network after leaving it on overnight, contact the HelpDesk at 304-367-4810.
