

National Student Employment Week

April 9th-15th, 2023

Every year, the National Student Employment Association (NSEA) declares the second full week in April to be National Student Employment Week. It was established to increase public awareness and to recognize students who work while pursuing higher education. Student employees perform invaluable services with enthusiasm, dedication, and initiative. Colleges and Universities across the country recognize the importance of student employees. Fairmont State University also celebrates and recognizes these students for their achievements in their student employment positions.

Student Employee of the Year Award

Each spring, the Office of Student Employment coordinates a selection process and chooses the Student Employee of the Year. The award is given to an outstanding student employee who has made a positive impact on the University and has demonstrated an exceptional quality of work, initiative and professionalism while attending Fairmont State University. The winner receives a certificate and a scholarship award.
