(APPLICABLE TO STUDENTS SEEKING RESIDENT STATUS ON BASIS OF PARENT/GUARDIAN/SPOUSE)
SECTION 1. General

1.1. Scope -- Rule regarding residency classification of students for admission and fee purposes.

1.2. Authority -- W. Va. Code §§18B-1 -6, 18B-1 -7, and 18B-1 0.

1.3. Filing Date – July 2, 2002

1.4. Effective Date – August 1, 2002

1.5. Repeal of Former Rule - Repeals and replaces Title 128, Series 34 and Title 131, Series 34

SECTION 2. Classification for Admission and Fee Purposes

2.1. Students enrolling in a West Virginia public institution of higher education shall be assigned a residency status for admission, tuition, and fee purposes by the institutional officer designated by the President. In determining residency classification, the issue is essentially one of domicile. In general, the domicile of a person is that person's true, fixed, permanent home and place of habitation. The decision shall be based upon information furnished by the student and all other relevant information. The designated officer is authorized to require such written documents, affidavits, verifications, or other evidence as is deemed necessary to establish the domicile of a student. The burden of establishing domicile for admission, tuition, and fee purposes is upon the student.

2.2. If there is a question as to domicile, the matter must be brought to the attention of the designated officer at least two (2) weeks prior to the deadline for the payment of tuition and fees. Any student found to have made a false or misleading statement concerning domicile shall be subject to institutional disciplinary action and will be charged the nonresident fees for each academic term theretofore attended.

2.3. The previous determination of a student's domiciliary status by one institution is not conclusive or binding when subsequently considered by another institution; however, assuming no change of facts, the prior
Section 3. Residence Determined by Domicile

3.1. Domicile within the state means adoption of the state as the fixed permanent home and involves personal presence within the state with no intent on the part of the applicant or, in the case of a dependent student, the applicant’s parent(s) to return to another state or country. Residing with relatives (other than parent(s)/legal guardian) does not, in and of itself, cause the student to attain domicile in this State for admission or fee payment purposes. West Virginia domicile may be established upon the completion of at least twelve (12) months of continued presence within the state prior to the date of registration: Provided, That such twelve (12) months’ presence is not primarily for the purpose of attendance at any institution of higher education in West Virginia. Establishment of West Virginia domicile with less than twelve (12) months’ presence prior to the date of registration must be supported by evidence of positive and unequivocal action. In determining domicile, institutional officials should give consideration to such factors as the ownership or lease of a permanently occupied home in West Virginia, full-time employment within the state, paying West Virginia property tax, filing West Virginia income tax returns, registering of motor vehicles in West Virginia, possessing a valid West Virginia driver’s license, and marriage to a person already domiciled in West Virginia. Proof of a number of these actions shall be considered only as evidence which may be used in determining whether or not a domicile has been established. Factors militating against the establishment of West Virginia domicile might include such considerations as the student not being self-supporting, being claimed as a dependent on federal or state income tax returns or on the parents’ health insurance policy if the parents reside out of state, receiving financial assistance from state student aid programs in other states, and leaving the state when school is not in session.

Section 4. Dependency Status

4.1. A dependent student is one (1) who is listed as a dependent on the federal or state income tax return of his/her parent(s) or legal guardian or who receives major financial support from that person. Such a student maintains the same domicile as that of the parent(s) or legal guardian. In the event the parents are divorced or legally separated, the dependent student takes the domicile of the parent with whom he/she lives or to whom he/she has been assigned by court order. However, a dependent student who enrolls and is properly classified as an in-state student
maintains that classification as long as the enrollment is continuous and that student does not attain independence and establish domicile in another state.

4.2. A nonresident student who becomes independent while a student at an institution of higher education in West Virginia does not, by reason of such independence alone, attain domicile in this state for admission or fee payment purposes.

SECTION 5. Change of Residence

5.1. A person who has been classified as an out-of-state student and who seeks resident status in West Virginia must assume the burden of providing conclusive evidence that he/she has established domicile in West Virginia with the intention of making the permanent home in this State. The intent to remain indefinitely in West Virginia is evidenced not only by a person's statements, but also by that person's actions. In making a determination regarding a request for change in residency status, the designated institutional officer shall consider those actions referenced in Section 3 of these rules. The change in classification, if deemed to be warranted, shall be effective for the academic term or semester next following the date of the application for reclassification.

SECTION 6. Military

6.1. An individual who is on full-time active military service in another state or a foreign country or an employee of the federal government shall be classified as an in-state student for the purpose of payment of tuition and fees: Provided, That the person established a domicile in West Virginia prior to entrance into federal service, entered the federal service from West Virginia, and has at no time while in federal service claimed or established a domicile in another state. Sworn statements attesting to these conditions may be required. The spouse and dependent children of such individuals shall also be classified as in-state students for tuition and fee purposes.

6.2. Persons assigned to full-time active military service in West Virginia and residing in the state shall be classified as in-state students for tuition and fee purposes. The spouse and dependent children of such individuals shall also be classified as in-state students for tuition and fee purposes.

SECTION 7. Aliens

7.1. An alien who is in the United States on a resident visa or who has filed a petition for naturalization in the naturalization court, and who has established a bona fide domicile in West Virginia as defined in Section 3 of
these rules, may be eligible for in-state residency classification: **Provided,**
That person is in the state for purposes other than to attempt to qualify for
residency status as a student. Political refugees admitted into the United
States for an indefinite period of time and without restriction on the
maintenance of a foreign domicile may be eligible for an in-state
classification as defined in Section 3 of these rules. Any person holding a
student or other temporary visa cannot be classified as an in-state
student.

**SECTION 8. Former Domicile**

8.1. A person who was formerly domiciled in the State of West Virginia and
who would have been eligible for an in-state residency classification at the
time of his/her departure from the state may be immediately eligible for
classification as a West Virginia resident provided such person returns to
West Virginia within a one (1) year period of time and satisfies the
conditions of Section 3 of these rules, regarding proof of domicile and
intent to remain permanently in West Virginia.

**SECTION 9. Appeal Process**

9.1. Each institution shall establish procedures which provide opportunities for
students to appeal residency classification decisions with which they
disagree. The decisions of the designated institutional official charged with
the determination of residency classification may be appealed in
accordance with appropriate procedures established by the president of
the institution. At a minimum, such procedures shall provide that:

9.1.1. An institutional committee on residency appeals will be established
to receive and act on appeals of residency decisions made by the
designated institutional official charged with making residency
determinations.

9.1.1.1. The institutional committee on residency shall be
comprised of members of the institutional community,
including faculty and at least three, in any event, an odd
number. The student representative(s) shall be appointed by
the president of the institutional student government
association while the faculty representative(s) shall be
selected by the campus-wide representative faculty
organization.

9.1.1.2. The student contesting a residency decision shall be given
the opportunity to appear before the institutional committee
on residency appeals. If the appellant cannot appear when
the committee convenes a meeting, the appellant has the
option of allowing committee members to make a decision on the basis of the written materials pertaining to the appeal or waiting until the next committee meeting.

9.1.2. The residency appeal procedures will include provisions for appeal of the decision of the institutional committee on residency appeals to the president of the institution.

9.1.3. Residency appeals shall end at the institutional level.
