Please write a short description of the service activity.: The Clay-Battelle Family Services is a thrift shop/food pantry to benefit less fortunate families. When I volunteer, I sort, fold, and hang up clothing, and sort food. I often clean up around the shop also, doing things like running the sweeper.

Please write a short description of the service activity.: The community service I had completed was the action of a thirty hour famine. My church did this often to help raise money and to make people aware of the starving children in less fortunate counties. I had to fast for thirty hours while I did various activities related to the lives of the children in foreign countries. The famine was an eye-opening experience that I really enjoyed.
