

Traffic Pattern and Parking Changes to Affect Commencement Ceremony

To make attending Commencement on April 24 or 25 more convenient, the Department of Public Safety and the Physical Plant are informing graduates, their families and the community in advance about expected traffic pattern and parking changes. The best advice for those attending Commencement is to be patient when arriving as multiple ceremonies will be occurring throughout the day. When possible, please consider carpooling as much as possible. Thank you in advance for your attention to these changes and for your patience.

Traffic Pattern Change

To keep Commencement traffic flowing smoothly on campus, the Department of Public Safety will re-route the loop around campus to become one way. Officers and other attendants will be on hand to direct traffic and answer parking questions. Guests should enter campus using the Squibb Wilson Boulevard Entrance. Shuttle pick up and drop offs will be indicated on the map with a star. Shuttles will begin pick-ups, one hour prior to each ceremony.

Parking Changes

1. Parking lot with 245 spaces is available and is located adjacent to the Tennis Courts.
2. All handicapped accessible parking will be located in the Pence Hall parking lot. Please note that handicapped seating is available on the second floor of the Joe Retton Arena, so those with mobility issues should enter the Feaster Center from the second-floor entrance.
3. Faculty and staff are encouraged to park in the parking garage to allow graduates and guests access to the parking spaces closest to the Feaster Center.

Live Streaming Video

Each graduate participating in a Spring Commencement Ceremony may only bring two guests to attend their ceremony. Additional family may view the live Commencement broadcast by visiting, www.fairmontstate.edu, and clicking the Commencement link.
